COUNTY SENDS AID TO STRICKEN FARMERS

Farm Buildings and Crops Destroyed Sunday A. M. by Tornado and Hail

North DuPage, west Cook and north Kane counties suffered heavily from the devastating effects of the tornado which swept across northern Illinois early Sunday morning. The estimated damage for this area is in the neighborhood of a million and a half of dollars.

The main victim of the storm was the farmer who had his barns, livestock and crops wholly or partially destroyed. In several cases the residence in which he was sleeping with his family, was demolished. It is estimated by county farm advisers that a total of 1,000 farms were damaged in this area.

Wheat, corn and oat crops were completely destroyed by the cloudburst of hailstones which were as big as the fist and driven at a terrific velocity by the winds. The branches of the trees in the path of the storm were stripped bare and hailstones were piled up in places to the height of three feet. Many farmers now find themselves with their growing crops destroyed and their present supply of feeds gone. Many will plant 60 day corn. Others will plant enough ninety day corn to fill their silos. Some will replant their barren fields with buckwheat and soybeans.

Many farmers report horses and cattle killed. Loss of cattle would have been much heavier, it is believed, had not the farmers had their herds in pasture during the hot weather. There were few cases reported where cattle were killed in barns that were demolished, but the cattle in the fields suffered badly from cuts and bruises from flying hailstones. Many of the dairy cattl will be dry and ill for months, it is reported.

Insurance adjusters have been at work since Sunday morning surveying the damage for the purpose of making adjustments with policyholders.

The main path of the storm was to the northwest of Elgin travelling north of Bartlett and Ontarioville to Schaumburg where it veered off to the south sweeping thru Itasca and passed thru Lombard and Wheaton to the southern part of DuPage county in a southeasterly direction, gradually losing its fury as it did so.

Itasca was visited by one of the worst storms in its history. In a short period of fifteen minutes many thousands of dollars worth of property was damaged. The little town seemed to lie in the path of the storm which extended generally from northwest to southeast. Large shade trees that it had taken nature years to develop were uprooted and snapped off as mere playthings. Gardens and fruit crops were annihilated. Hail broke windows in every home of the village and wind strewed debris over the entire territory.

Itasca Lumber company and Itasca Pickle factory were heavily damaged. Victor Schroeder's service station was practically demolished. The Paul Degankolb business block was badly damaged. Buildings solidly built stood the impact of the storm better than others. The garages at the homes of R. H. Ladd and L. H. Wood were picked from the foundations and smashed into kindling wood on the vacant lot next door—the cars fortunately were left standing. On the George H. Kolze chicken farm the roof of the house was entirely blown off and the chimney fell into the house on the davenport. About four hundred chickens were carried away, no trace of them can be found. Mr. and Mrs. Kolze have sent their children to the home of relatives in Norwood Park while they rebuild their home.

Farmers' gardens, crops, fruit in most cases are demolished. Barns nearby were leveled to the ground and stock both in the barns and outside were killed, thus causing heavy loss and damage. Fortunately no person was killed.

Roselle escaped practically unscathed. The Evangelical church in north Bartlett lost its roof and the roof of the school building at Schaumburg was partly torn off.

In Wheaton the damage was wholly to trees which were shorn of their surplus foliage in wholesale fashion.

In Glen Ellyn, trees were uprooted, glass in the business district smashed and three buildings leveled to the ground. These were the buildings of the Alexander Lumber company, which have been a favorite haunt for "bums," several of whom may be beneath the wreckage.

The utility companies in this section suffered heavy losses, The Illinois Bell company at Elgin reports 1,386 telephones out of service. Hundreds of poles were hurled to the ground under the pressure of hail and wind. In Itasca the Public Service company service was suspended for the entire village until Monday night.

Animals Become Panic Stricken Before Storm

While farmers were being awakened by the severity of the storm, many fleeing to their cellars, the live stock in the fields and in the barns were even more panic stricken. They broke through fences and even fought to get within barns and sheds. Comparatively few animals were killed however, but many of them were injured.

Observers of the storm state that there appeared to be two storms. The first one appeared from the Northwest, with bright clouds near the earth while overhead they were terrifyingly black. Streaks of lightning were almost constant. A second storm seemed to travel from the east and according to a prominent Schaumburg farmer the two storms came together in the northwest. A severe wind and rain were the first marks of the storm followed by a hail storm marked by stones as large as eggs. This was followed by the tornado that did the greatest damage.

Schaumburg Township

Fred Pfingsten was one of the heavy losers. Two barns were destroyed, one cow, and there are no crops remaining on his farm.

Ferdinand Panzer lost a barn, horse and dog.

Louis Nerge, barn, 5 horses and a bull.

Schmidt Bros., top of barn and a silo.

Albert Brendemuhl, horse barn and 2 sheds.

Chas. Meirs on Walter Nerge farm, barn and tool shed, house twisted.

Piske Bros., barn and a horse.

Chas. Stocke, barn down.

Herman Bottermann, Jr., barn, 4 cows and a horse.

Elmer Moehlenbrandt, barn, 2 cows, horse.

Home Demolished

Home of Jos. Hortick, 41 years old, demolished on Medinah-Roselle road. Hortlick, his wife and daughter, Eleanor, four years of age, crawled from the wreckage and went to home of neighbor, Herman Schmidt. The three were beaten black and blue by hail stones.

Hanover Township

Albert Heine, barn, Henry Flentge, silo and barn, Aug. Volkening, barn, Fred Huehl, barn.

$5,000 Damage at Itasca Lumber and Coal Company

The damage at the Itasca Lumber & Coal Company will total nearly $5,000, but is covered by insurance. The main warehouse was cut in two; and efforts will be made to jack it back into place. The east lumber shed is completely destroyed. Fortunately feed stock was low. The former milk factory, owned by this firm was also badly damaged. The silos were filled to such an extent that they were not damaged.

Seeks Shelter in Basement

Mr. and Mrs. V. E. Schroeder had just driven into the garage part of their brick service station in the center of Itasca, as the storm broke. They hastened to the basement, where they heard the blowing in of the doors, breaking of windows, demolishing of the room and west brick wall. They were standing in water nearly up to their knees.

Lincoln School Damaged

The wind did $500 worth of damage to the Lincoln school, a mile north of Bensenville. Blowing in the set of windows on the west side of the building, it blew out the windows on the east side. As these windows comprise almost the entire side of the building, the damage was great.

First Free Seed Offer

On account of the shortage of seed and the financial condition of some of the farmers, a suggestion has been made that farmers unaffected by the storm, could give to the stricken area whatever seed that they may have left over from their crops. The idea was born when Fred Brockman, of Palatine, informed Mr. Collignon that he had a bushel and a half of good corn seed. It is expected that other farmers will follow suit.

Fire Department Dance July 15 at Wetterman's

The dance to be given Saturday evening, July 15, by the Arlington Heights Volunteer Fire Department, will be at Wetterman's Garage on South Evergreen street. Good music is announced and a good time for those of all ages. Proceeds are to be for the benefit of the department. These faithful public servants deserve, and undoubtedly will receive, large patronage for their dance.

Information Booth, For World's Fair is Set Up in Heights

An official World's Fair information booth has just been put into service in the parkway at the Northwest highway and Evergreen street in Arlington Heights.

This is in cooperation with the newly formed Business Men's association of Arlington Heights, which has as its immediate general purpose the making the most of possible World's Fair Tourist business.

The Association desires all local business people to attend their next meeting, next Wednesday evening, at the store at 15 E. Miner street. Further plans and possibilities will be discussed and business done.

CATTLE OWNERS ARE ADVISED BY BYERRUM

County Veterinarian Tells Ruling Regarding New Cattle

The following notice from the United States Department of Agriculture, Bureau of Animal Husbandry, Washington, D. C., declaring names of counties placed in modified accredited areas for Tuberculosis, May 1, 1933, is of vital importance to all citizens of DuPage county, whether they be consumers or grower of cattle. It also represents a vast amount of detail carefully and skillfully worked out by the office of the County Veterinarian, Dr. E. E. Byerrum, and his secretary. Mrs. Tillie Fischer. The notice is as follows:

"In accordance with the provisions of Paragraph 8, Section 2, Regulation 7, B. I. Order 309, dated March 5, 1928, and effective May 1, 1928, the County of DuPage in the State of Illinois, is hereby declared a "Modified Accredited Area" for a period of three years from May 1, 1933."

(Signed) J. R. Mohler,
Chief of Bureau

Asked for an explanation of this official communication, Dr. Byerrum, with characteristic terseness made this statement:

"A 'Modified Accredited Area' is one in which the per cent of the tuberculosis infection is one-half of one per cent or less. On the last complete test in DuPage county the per cent of infection was one-tenth of one per cent.

"In a modified accredited area all cattle that appear on the tax rolls must be tested. Also any animals coming into the county, or those of any owner moving into the county must be subjected to the test.

"All cattle coming into DuPage county must be tested before entering and if not from a modified accredited area must be retested in 60 days."

It might be stated that the milk and meat supply for the City of Chicago comes only from modified accredited areas.

Storm Makes Public Service Men Hustle; Repair System Speedy

The severe lightning and rainstorm throughout northern Illinois last Saturday night, which reached almost cyclone-like proportions in the western suburbs, caused damage amounting to approximately $30,000 to electric lines and equipment of the Public Service Company of Northern Illinois, according to estimates made in the Chicago offices of the company this week.

Last Saturday night's storm brought down more than 150 of the company's poles, and one of the giant steel transmission towers was badly damaged when the wind blew the roof of a barn against it. Although this and other damage interrupted electric service in sections of several communities, the company was able to have practically all service restored by Sunday morning. Operating engineers of the company attribute this restoration of service in record time to their system of speedily assembling linemen and repairmen from all parts of the territory served to the trouble areas and to the quick dispatching of materials from the company's several headquarters scattered throughout the area. Several hundred men were on duty throughout the night and all day Sunday doing emergency repair work.

This is the third storm, causing heavy damage to Public Service equipment, which has occurred this year, engineering officials stated.

FARM BUREAU GETS ACTIVE IN RELIEF

Seven Counties Unite in Asking Red Cross for Aid to Storm Area

Any farmer in need of seeds or other assistance may register his needs with the farm adviser or at the Farm Bureau office and they will receive prompt attention.

When O. G. Barrett, Cook County Farm Adviser, returned home Wednesday afternoon and learned the seriousness of the conditions caused by the storm Sunday morning, he immediately got in touch with the farm bureau offices of Lake, DuPage, Kane, McHenry, Boone, Winnebago and Stephenson counties, asking that the presidents and farm advisers of those organizations meet at the Y. M. C. A. in Elgin Thursday afternoon.

All the counties were represented at the meeting called to order by Mr. Barrett. There were two main thoughts that entered into the discussion.

1st. Finances to meet the needs of the farmer who is not able to recuperate his loss under his own resources.

2nd The character of crops which can be used at this late season.

To aid in the financial part, the aid of the Red Cross is being enlisted. Local Red Cross officials encourage the committee of the Farm Bureau to feel that the organization might take such a part in rendering assistance in this disaster as they have taken in hundreds of other cases; that the committee may expect financial aid in the purchase of seeds and immediate needs generally, details of which are to be worked out this morning at a meeting with a representative of the Red Cross. Very definite and concrete information may be had by approaching the Farm Bureau office, either at Arlington Heights or Blue Island or the farm bureau offices in the respective counties.

As a further financial aid, negotiations were at once started with the Illinois Agricultural Association for the purpose of bringing about extensions of seed loans with regulations that farmers in the stricken area can meet.

After considerable discussion, the following suggestions were made:

For Hay—Soy bean, the main objection being high price and scarcity of seed.

Grain crop for hogs and chickens—Buckwheat.

Hay—Oats.

Pasture, hay and fodder—Sudan.

Silage—Early field or sweet corn, "Country Gentleman."

Substitute for silage where silos are gone—Mangels or large cow beets.

Truck Gardens — Early sweet corn, carrots, beets, turnips and beans.

The group generally favored for dairymen to meet his needs, corn of various kinds with the addition of Sudan.

Farm Adviser Barrett reports that the loss of buildings more particularly large dairy barns, horses and cattle have been large, but the loss from destruction of crops over a strip four miles wide and many miles in length, means a vastly greater loss, as a whole than the loss of buildings.

In many cases the buildings were insured, while those cases where farmers have hail insurance on their crops are very limited.

The Pure Milk association has been active and helpful in securing corn from members which may be donated to other dairymen. As a further means of being helpful the Farm Bureau offers its services and suggests to Pure Milk members who have corn that can be used under existing conditions, to leave the same at the farm bureau office as a convenient assembling point. It will be turned over to the Pure Milk association for the needy farmers, with full credit to the Pure Milk association.

One In Eight on Relief Lists In Suburban Towns

According to a report made public by Joseph L. Moss, director of the Cook County Bureau of Public Welfare, 73,738 persons, or 12.2 per cent of the people residing in suburbs and country towns of Cook county, are on the relief lists. This is less than one in eight.

The report indicates that 756,444 persons, 21.2 per cent of the population of Chicago, or more than one in five persons in Chicago, are on the relief lists.

Old People's Home Festival Next Sunday

The annual Old People's Home (Altenheim) festival will be held next Sunday, July 9, at the Home and the grove adjoining.

Speakers will be as follows: 11 a. m., Pastor Carl Abel of Chicago. 3 p. m., Pastor Werner Schmidtke of Hampshire, Ill.

The morning's choir will be the male chorus of Bethel church, Chicago; the mixed choir of Wilmette will sing in the afternoon.

St. Paul's Harmony band is to play. Amplifiers are to be used.

Refreshments will be sold on the grounds. Ladies of St. Peter Ev. Lutheran church are requested to donate cakes to be sold. This was not previously announced, but those who desire to help can do so in this way.

Previous reports in Chicago papers and repeated elsewhere have led many to believe the Altenheim was not in particular need of financial help. Such is not the case; it is considerably dependent upon continuous charitable effort, and it is necessary for all interested to do their bit, especially now, in order that the elderly people and their caretakers shall not be made to suffer.

JULY FOURTH TRAFFIC HITS RECORD MARK

According to Chief of Police William Mulso traffic movement thru Mount Prospect on the Fourth of July exceeded all records for motor traffic on Northwest Highway since the highway was widened in 1930. The holiday program at the Arlington Park Jockey Club, which attracted a record attendance, was responsible for the establishment of the new figure. Although the local police encountered a record volume of traffic which reached its peak between 11:30 a. m. and 2:30 o'clock in the afternoon, the efficient work of Chief of Police Mulso and Officer Wittenberg made it possible for motorists to move at a relatively fast rate without any difficulty or mishap. During the period of peak movement, the operation of the stop and go lights on the highway was suspended, which also added to the facility of highway traffic to maintain a good rate of travel.

President Walter P. Saunders of La Grange, executive head of The Suburban Area and Country Towns Association, in discussing the attacks on the suburban communities on traffic regulations issued the following statement:

Exposes Speed Traps

"The question of Cook county speed traps and the fact that several of the communities in Cook county have been before the public for alleged hard treatment of motor vehicle violators has led the Chicago press to again comment on the shortcomings of country town police methods.

"The country town authorities realize that there are some abuses extant in the motor vehicle regulation enforcement, but they do not consider that any group outside the country towns is in a position to criticise until conditions in their own sections have been improved. The Suburban Area and Country Towns Association does not condone any irregularities in practice or theory in the country towns. But it does resent blanket accusations against the country towns as contained in the Chicago press."

Racketeers Attempt To Interfere With Farmers Hiring Help

And now racketeers are trying to break into the farming industry. Impossible, you say? Well, listen to this. When farmers went to the Milwaukee avenue car line at the end of the city limits early Wednesday morning to hire help for laboring on their farms for the day, the same as they and many other farmers have been doing for many years past, they found a crowd of about one thousand men and women waiting for them and willing to work but, they were prevented from hiring them by a crowd of "hoodlums" who refused to let the workers board the farmers' trucks. Violence was threatened in several instances and many of the farmers went back to their farms without help.

Reports of the disturbance were brought to the officers of the Cook County Truck Gardeners association and immediate action was taken. Contacts were made with the Chicago police department and the State's Attorney's office and police protection was promised for the next morning so that the racketeers would be prevented from molesting the farmers and the unemployed who were willing to work on the farms for their daily bread.

MOTOR ANTI-THEFT ACT IS MADE CLEAR

Sheriff John Hesterman of DuPage County Explains It

Sheriff John Hesterman has received a copy of "The Illinois Uniform Motor Vehicle Anti-Theft Act" from the Legislative Bureau of the Chicago Motor Club. He gives an interpretation by the question and answer method of the Act, and also the text of the Act. The General Assembly passed and Governor Horner signed the Act on May 11, 1933. Some of the salient features of the interpretation of the Act are quoted as follows:

"1. Q. How will the Anti-Theft Act affect me as the owner of a motor vehicle? When?"

"A. After January 1, 1934, it will be impossible to obtain a license for and illegal to operate a motor vehicle without first applying for or obtaining a certificate of title. A 'motor vehicle' is defined in the Act to include automobile, trucks, tractors, trailers, semi-trailers and motorcycles. Farm and road machinery are not affected by the Act."

"2. Q. What is a Certificate of Title?"

"A Certificate of Ttitle is a written statement over the signature and seal of the Secretary of State setting forth the condition of the title in a motor vehicle. If a man holds a motor vehicle on a sales contract or has mortgaged it, these facts will appear on the Certificate."

"3. How will I obtain a Certificate of Title?"

"A You must make written application for it on a form prescribed by the Secretary of State."

"4 How much will a Certificate of Title cost and how often must I get a new one?"

"A. The price of the Certificate of Title will be 50c. It will be good for the life of the motor vehicle unless the ownership is transferred . . ."

"5. Q. May I sell my motor vehicle without having obtained a Certificate of Title?"

"A. No. . ."

There are several other questions and answers which tell in detail all possible applications of the Act.

"14. Q How will this Act curb automobile thievery?"

"A. Most stealing is done for the purpose of sale. This Act makes it practically impossible to sell a stolen motor vehicle because everyone will now demand a Certificate of Title before he will buy and a thief cannot obtain a Certificate of Title from the Secretary of State because he cannot prove that the title is his. Furthermore, the Secretary of State is required to keep complete records. . . The reason for the great number of thefts in Illinois today is that the stolen motor vehicles can be so easily disposed of to the unwary public. . ."

"Further inquiry concerning the Act may be directed to Legislative Bureau, Chicago Motor Club, 66 East South Water street, Chicago, Illinois."

WILLE TO BE CENTENNIAL CHAIRMAN

The plans for the Centennial celebration of the Settlement of Elk Grove Township are getting under way, and committees will soon be formed for making arrangements for the affair.

At the meeting of the interested organization representatives held last week Mr. Albert Wille was elected chairman and treasurer, and Mr. Ted Moehling was elected secretary. A meeting will be held very soon for the purpose of effecting a more complete organization for the management of the celebration.

A decision was made to hold the celebration in Mt. Prospect, as the center of population, although not the center of the Township. It was decided to have the celebration in August, and plans were discussed for arranging a festival which would be in keeping with the importance of the anniversary to the district. No specific plans have been announced as yet, but it is said that a two-day affair seems to be called for, and events arranged which will bring people to the village not only from the townhip, but from all the surrounding towns. Within a very few weeks there will be some definite schedule made, and the date will be set, and everyone in the Village and the township will be asked to start advertising the fact that Mt. Prospect is about to be the scene of a Centennial celebration.

Palatine Sends Suggestion to President Whealan, Who Provides 300 Laborers

A. DIEBALL SR. DIES SUDDENLY

Day Engineer Is Found Dead at Post of Duty at Arlington Heights

Mr. Arthur Dieball, Sr., constable of Wheeling township, day engineer at the pumping station at the Arlington Heights village hall, village policeman, resident of Arlington Heights many years and father of a large family, died suddenly about 5:20 o'clock last evening (Thursday) while at his work.

At 5:15 o'clock, to close some valves, he was in the office of the Village Treasurer, Mr. William F. Meyer, Jr., assistant treasurer, being there. Mr. Dieball was in good humor, making some joking remarks about the races. About five minutes later, Mr. Meyer stepped into the steam pump room where a police desk is located, to get a drink. Seeing the body of Mr. Dieball lying there on the concrete floor, he rushed to his side, and poured cold water on his face and tried to rouse him, then called Dr. Elfeld. Dr. Best was also called. The physicians, both acquainted with Mr. Dieball's previous condition, made out the death certificate. He had sought help from several physicians, angina pectoris being the named difficulty.

Mr. Dieball's son was called, and the body taken to the Karstens Funeral home. Arrangements for the funeral will be in charge of the Lutheran pastors and Mr. Karstens.

Mr. Dieball was justly liked for his jolly good nature and accommodating ways. Further details will be given in the next issue.

Geo. Hitzeman, Northside Politician Dies in Auto Accident

Mr. George Hitzeman, a prominent Chicago politician and committeeman of the 34th ward and well known thruout western Cook county, was killed Saturday night near EauClaire, Wis., when a tire blew out and ditched the auto which his wife was driving. The funeral held Wednesday by Humboldt Park Commandery was largely attended. Mr. Hitzeman was a brother-in-law of George Wilson of Palatine.

See The Death of Lottie Holman O'Neill's Small Home Relief Bill

One of the most idealistic bills from the standpoint of the small home owner, introduced by Mrs. Lottie Holman O'Neill of Downers Grove, representative, which authorizes courts to hold up foreclosures, if they see fit, appears from most recent reports emanating in Springfield doomed to die.

The bill was changed a bit after it was introduced as passed by the house on May 23, but the senate held the second reading on June 14.

RESOLUTION WHICH BROUGHT PROMPT ACTION FROM WHEALAN

RESOLUTION

To the
Hon. EMMETT WHEALAN,
President of the Board of County Commissioners.

WHEREAS, a great disaster has befallen many of our farmers in Cook County by Wind and Hail Storm and completely destroying their entire crops, and,

WHEREAS, immediate help is imperative for reconstruction and clearing away the debris and wreckage, so some kind of emergency crops may be planted at once, and,

WHEREAS, by a joint meeting of the Pure Milk Assn., The Palatine Lions Club, The Palatine Business Men's Assn., and the Palatine Village Board, and having taken cognizance of the fact that a great emergency exists.

Therefore, Be It Resolved, that the Honorable Emmett Whealan, president of the Board of County Commissioners of Cook County, be and is hereby requested to immediately through the Bureau of Public Welfare, the Emergency Relief or by whatever means he may have at his command, send all necessary men to help the stricken area of Cook County, and to assist the Cook County farmers in the work of clearing up the wreckage and putting the devastated farms in a livable and productive condition.

The devastation of the farms of their neighbors to the south was taken immediate notice of by the organizations of Palatine Monday when at a joint meeting of the Palatine Business Men's association and the Palatine village board, a joint resolution was passed calling upon President Emmett Whealan of the County Board to immediately use his powers to send men to the stricken area to help in the cleaning up of the wreckage and in the work of rehabilitation. Immediate action was taken to get in touch with President Whealan and Village Attorney H. J. Harz got into telephone communication with John F. Delaney, secretary of the president, who later got in touch with Mr. Whealan and a large crew of men was promised for Wednesday morning.

On Wednesday morning, 293 men in big county trucks reported at the Palatine village hall and were taken out into the storm area and assigned to the various farms in Schaumburg and Hanover townships where they were most needed.

These men came from two groups. Geo. Olcese, Supt. of Division 1 of Cook County Forest Preserve system, provided five trucks and 230 men, while Ray Gaynor, of Division 3 at Thatcher Woods sent three trucks and 63 men. Orders for the detail of these men were handled so promptly that no time was wasted. Directed by L. W. Pohlman and Alfred Porep, representing the Pure Milk association and A. L. Collignon, president of the Palatine Lions club the workers were assigned to various farms and started to work. Robt. Mann, Supt. of Maintenance, is now in active charge of the work. The above three aided by A. H. Schmidt, president of the Palatine Business Men's association, spent Monday and Tuesday, making a survey of the help that was needed.

Mr. Mann stated that if additional men are needed, President Whealan's office would make a request for a large detail from the 500 men who are working in the Skokie valley under the direction of the government.

The prompt action of the local organizations and the hearty cooperation of President Whealan and the county forces can be highly commended, as this prompt action put a big crew of men to work where help was sorely needed and this help was greatly appreciated by the suffering farmers. The prompt action of Northwest Cook county in coming to the aid of its neighbors is probably the finest example of cooperation that came from the big storm and the organized work of clearing up the wreckage will accomplish results which the stricken farmers themselves or with a group of neighbors could not hope to accomplish for a long time.

Farms being supplied are as follows:

F. Panzer, F. W. Pfingsten, Louis Nerge, Schmidt Bros., Albert Brendanmuehl, Joe Hortek, Chas. Stock, Chas. Cortes, Herman Wille, Henry Spriet, Mueller on Heine Farm, August Volkening, Mrs. Clara Tatge, Albert Klipp, Chas. Vanacker, Ed. Nesler, Herman Lambrecht, Fred Nesler, Mike Frees, John Runge, Fred Huehl.

Naturally, the army of unemployed provided by the president of the Cook County Board of Commisioners can work only in Cook county, but it is understood that a movement is on foot to give similar aid to farmers in DuPage county. Many farmers in adjoining territory are taking their machinery to the devastated region and helping with the preparation of the fields and planting of a new crop.

Oltendorf Construction Co. Resumes Work On Five State Projects

With the breaking of the cement price strike by Governor Horner last week, state highway work that has been at a standstill for lack of cement, is now going forward at a rapid pace. The Oltendorf Construction Co. of Palatine has four projects under way. Work has been resumed on the grade separation on routes 53 and 58 in Elk Grove; routes 54 and 18 near Hinsdale, the final paving of the separation on Route 5 and 59 and a small job at Huntley. The Lisle job constructed by this firm was completed a short time ago.

Sales Tax Applies To Gas, Light and Telephone Service

Rule No. 2 for administering the new Horner sales tax has been drawn so that it includes gas, light and telephone service. This, in addition to the federal tax of three per cent on gas and light bills is going to be felt by the consumer.

The following applications for malt beverage licenses were read: Class "A", Wm. Roper, Sr., George Stange, Harry J. Finnucane, Stroker & Oltendorf, Wm. H. Moehling; Class "B" Anthony Sikora, John Langren.

The president appointed the following committee to consider and investigate the above applications: Schmidt, Mess. Wittenburg. A recess was then declared while the committee retired to consider the applications.

The meeting was again called to order and the committee presented the following report. The applications for malt beverage licenses, Class "A" of George Stange, Wm. Roper, Sr., Stroker and Oltendorf and Wm. H. Moehling, were approved and the granting of licenses recommended. The application of Harry J. Finnucane was approved conditionally upon his becoming a resident of the village of Palatine within the first license period. The Class "B" applications of Anthony Sikora and John Langner were approved and the granting of licenses recommended, upon motion of Mr. Wittenburg seconded by Mr. Schmidt, licenses were granted in conformity with the recommendations of the committee, ayes, 6; nays, 0.

Communications from the State Highway Department were received and placed on file.

A communication from the Suburban Area and Country Towns association of Cook county with a bill for $5.00 annual dues was read and upon motion of Mr. Schmidt, seconded by Mr. Mess, the annual dues were ordered paid, ayes, 6; nays, 0.

A statement of the purposes of the government public works program, was referred to the Judiciary committee.

A delegation from the Palatine Business Men's association, Palatine Lions club and Pure Milk association, asked the cooperation of the board in securing help for the farmers in the devastated storm area. Upon motion of Mr. Schmidt seconded by Mr. Mess, and unanimously carried, a joint resolution requesting President Emmett Whealan of the County board to immediately send men from the Bureau of Public Welfare, the Emergency Relief commission or from any other source at his command to the stricken area to aid in clearing up the wreckage and in rehabilitationg the farms, was passed.

The Fire and Water committee reported that the fire department had been authorized to cooperate with the departments of neighboring towns in cases of emergency.

The Finance committee, Mr. Mess chairman, presented the committee's audit of the corporate account for the past six years. Upon motion of Mr. Zoellick, seconded by Mr. Wittenburg and unanimously carried the audit was accepted.

Upon motion of Mr. Shermer, seconded by Mr. Schmidt, a portion of the audit showing the financial condition of the village was ordered published.

Upon motion of Mr. Schmidt, seconded by Mr. Wittenburg and unanimously carried, the Finance committee was authorized to work out a suitable system of warrants and to report at the next meeting.

The question of bond for the village treasurer, was left with the finance committee, to be reported upon at the next meeting.

Mr. Wm. Kersten appeared before the board with a complaint about an objectionable barricade erected by a neighbor, which complaint was considered by the board.

Upon motion of Mr. Zoellick, seconded by Mr. Mess and unanimously carried the board adjourned.

T. C. Hart, Village Clerk.

PALATINE NEWS

Palatine Chapter O. E. S. announce a card and bunco party, at 1:30 p. m., Wednesday, July 12, on the Masonic Hall Lawn. There will be prizes and refreshments. Tickets are 25 cents.

Wm. Richter and family entertained the following guests the 4th of July. Mr. Fred Mossman, manaker, of paint department of Sears Roebuck & Co., and Mr. Joe Gutsmiedel, assistant manager, and the Misses Florence Richter and Betty Mossman of Chicago.

Mr. and Mrs. Floyd Sanford of Detroit, and Mr. and Mrs. S. Vedro and daughter, of Detroit, visited at the home of G. Wilson and J. Kitson over the Fourth.

Mayor and Mrs. A. R. Godknecht and son, Russel, left Sunday, July 2, for a three week's vacation trip, going by rail to St. Paul, then northwest into Canada on their way to the Canadian Rockies, stopping off at Banff and Lake Louise; then to Vancover, B. C., taking a boat to Seattle, making a stop at Victoria, B. C., then south to Portland. Mr. Godknecht and family will visit his brother John, in the eastern portion of Oregon, on his ranch. Mrs. Godknecht and son expect to stay for a longer visit.

The mayor expects that his short vacation will improve his health. He has promised his wife that he will not even think about Palatine. H. C. Schroeder is acting mayor and has promised to do all the worrying, if there is any that needs to be done.

Palatine friends of Mr. and Mrs. Harold Hatcher, nee Josephine Timmerman extend their sympathy to that couple over the loss of twin babies who were born recently, but lived only a few hours, although they were played in an incubator, and every effort was made to save the babies who had come into this world a little ahead of time. The Hatchers reside at Bloomington and were visited a week ago by Mr. and Mrs. Geo. Wilson.

Geo. Meyer was a Sunday visitor at the E. P. Steinbrinck home over Sunday at Fox Rover Grove. Incidently he brought in from the river a big mes sof fish. George says that he never met so many friendly people as there are around that "ski jump." After fishing all afternoon, he only had three fish on his string. The other fishermen probably mistaking his star for a game warden's badge, offered him their catch and there were over two dozen for the frying pan.

There will be a story telling hour at the grade school grounds next Tuesday afternoon at two o'clock. All children below the sixth grade and those of pre-school age are invited to be present.

Mr. and Mrs. Carl Tamm of Cincinnati, were week-end guests at the W. E. Schering home.

A. B. Morris and family of Mankato, Minn., former high school instructor here, are guests at the Danielsen and Herrmann homes.

Mr. and Mrs. Walter Westphal of Chicago were guests of Mr. and Mrs. Charles Seip recently.

Mrs. Romaniss served as a guest officer at a True Kindred meeting in Chicago last Thursday evening.

Palatine Odd Fellow Lodge will act as host to the Veterans association next Tuesday evening. There will be a program and moving pictures. All Odd Fellows and Rebekahs are especially reuested to be present. Mr. and Mrs. Arps will entertain the officers at a dinner preceding the meeting as Mr. Arps has been treasurer for a number of years.

Donald Dearing gave the Boy Scouts, Scoutmaster George Miniberger, Mr. McBride and Mr. Mallody a watermelon feast Wednesday night following the meeting on the Miller lot. The boys thoroughly enjoyed the treat, but at the same time were saddened by the thought that Donald will soon leave the troop as the family is going to California. Mrs. Dearing and Ruth and Mrs. Foster were guests.

The card party given by the Sutherland Woman's Relief corps group, was held at the home of Mrs. Alma Arps instead of on the lawn at the home of Mrs. Elnora Foster, owing to the storm on the night before. It was a success socially and financially.

Sutherland Woman's Relief Corps will meet Friday afternoon and then will have their annual recess of meetings until the evening of August 18th. Mrs. Lillian Miniberger will give her report of the convention at this meeting and other important business will be transacted.

Troop No. 2 Girl Scouts, will be guests at the Mallody home on Quentin road Thursday night. At this time they will study some of the stars as a feature of their tests.

A new feature has been added to the program at St. Paul's Evangelical Sunday school. Mr. William Danielsen plays the trombone, Mr. Edwin Buenzow and Herbert Schweitzer, the violin, during the song service, others will probably join. On Father's Day, Mary Danielsen and Ruth Malcolm sang a very appropriate duet entitled "Cling to the Faith of Our Fathers." Last Sunday Mrs. Elnora Foster sang a solo entitled "He Knows the Way." She was accompanied by Miss Louise Wente. Mr. Danielsen has charge of this feature and all are enjoying these numbers. Each Sunday there will be a special number.

Roy Skibbe and George Herman, Jr., have returned from Camp Oh-Da-Ko-Ta. They did not remain for the entire period as originally planned.

Oscar C. Kurtz and Dr. J. G. Clayton, of Palatine Lions club, are delegate and alternate respectively to the district and international conventions of Lions International. The district convention opens in Belleville, Illinois, Sunday morning, July 9, and closes Monday afternoon, in time for the Lions to get to St. Louis for the International convention.

The International convention, which is the seventeenth annual meeting of the association, closes Friday afternoon. Special trains will bring from four to six thousand Lions and their families to Chicago, where they will observe Lions Day at A Century of Progress, Saturday, July 15.

Gladys Schwartz Bride at Pretty Home Wedding

The Terraces was the scene of a beautiful wedding Thursday, June 29, when Miss Gladys Schwartz, daughter of Mrs. Edward Schwartz became the bride of Mr. Orval Catt, son of Mr. and Mrs. Homer Catt, Sr., of Willow Hill, Ill.

Preceding the ceremony, which was at high noon, a short musical program was presented by four cousins of the bride.

Miss Ruth Wilber played as a violin solo "The Old Refrain," by Kreisler; Misses Ruth Catheryne Wilber and Lucille Wilbern sang "At Dawning," Cadman; Miss Ruth Wilber sang "All For You," by Bertrand-Brown; the trio then sang, "I Love You Truly," by Carrie Jacobs-Bond. This was followed by a violin solo "My Heart at Thy Sweet Voice," from "Samson and Delilah" by George Papin. The musical numbers were accompanied by Miss Dorothy Wilber at the piano. Miss Wilber also played the wedding march, "The Bridal Chorus" from Lohengrin," and the recessional, "Mendelssohn's Wedding March."

The bride's gown was of white on the arm of her father who gave her in marriage. She was preceded by little Miss Shirley Verkler who strewd flower petals along the way.

The bride was attended by Miss Frances Wolff of Aurora, Ill. Mr. Paul Berns of Chicago attended Mr. Catt.

The ring ceremony was performed by the Rev. Dr. Robert Locke of Evanston, formerly of Champaign, Ill., where both the bride and groom attended the University of Illinois.

The bride's gown was of white Venetian Lace with a train. She wore a bridal veil of lace caught into a cap effect with orange blossoms and carried a shower bouquet of white roses and lilies of the valley.

Miss Wolff wore flowered lace over yellow satin and carried a bouquet of yellow roses and delphinium.

A wedding breakfast was served to sixty guests by friends of the bride. Table decorations were yellow roses. Favors were yellow corsage bouquets and boutonnieres.

The vows were plighted beneath an arch of regal lilies and ferns before an alcove banked with palms and regal lilies.

The wedding was of especial significance inasmuch as it took place upon the anniversary of the marriage of the bride's mother and father. Both ceremonies were performed in the same alcove.

The groom is a member of the facutly of the Austin High School and the bride has been a member of the faculty of the Palatine High School. Their home for the summer will be at Evanston.

Guests included Miss Shirley Verkler, Dr. and Mrs. Arthur Krueger, Mr. Paul Berns, Mr. and Mrs. W. D. Jackson, Mr. and Mrs. Homer Catt Jr., and Miss Alice Franckle of Chicago, Miss Frances Wolff of Aurora, Miss Mabel Catt of Willow Hill, Ill., the Misses Dorothy, Ruth and Catheryne Wilber of Chattanooga, Tenn., Mr. and Mrs. G. E. Wilbern, the Misses Lucille and Mary Wilbern of Sterling, Ill., Mrs. Minnie Dammerman, Mr. and Mrs. Henry Dammerman, Mr. and Mrs. Herman Baumgarten, Mr. and Mrs. Lewis Rhode, the Misses Mercie Heise, Verna E. Jumps, Alice Oltendorf, Isabel and Bernice Wente, Frances Neitz, Mildred Garms, Mrs. John Wente, and Mrs. Walter Helms of Palatine, Mr. and Mrs. Otto Lindemann and son, Roy of Elgin, Mr. and Mrs. Beck, Mr. and Mrs. William Miller and sons, Wilber and George, Mr. and Mrs. Osher Schlaifer, Miss Mae Wilber of Dundee, Mrs. Anna Ebert, Mrs. Henry Schwartz, Mr. and Mrs. Edward Masters and the Rev. The Women Home Missionary society will not meet this week. We hope, however, that many of our people will attend the Camp Meetings at Des Plaines. For further information see your pastor.

Be sure to keep Saturday, July 15 for an open date. We are having our church picnic at that time. It would be unfortunate if you should miss the fun.

If you are in town on Sunday we think that you should go to one of our churches. If you are traveling across the wide open spaces or visiting somewhere there is always a church near you. Of course you can worship God sitting under a steering wheel or in the shade of a tree, but nine times out of ten you won't do it. There are many good places to go but the best place to go at about eleven o'clock on Sunday morning is to church. Enjoy the summer days but make God your traveling companion.

AT THE CATLOW

"The Eagle and the Hawk," with Fredric March and Cary Grant starring will play at Catlow theatre, Friday and Saturday nights. It is an action story with spectacular air scenes, and a plot that carries interest to a high pitch. Laurel and Hardy in "Me and My Pal" will be the comedy offering.

Dennis King ,together with Stan Laurel, Oliver Hardy and Thelma Todd are starred in "The Devil's Brother" which will be seen at the Catlow Sunday and Monday. This is a full-length feature comedy, built around the romantic days of Robin Hood. It promises to be one of the most entertaining picture of recent weeks, with Dennis King supplying romantic interest.

Tuesday of next week is scheduled for Bargain night at the Catlow, with James Cagney in "The Picture Snatcher" for the feature offering. Wednesday and Thursday nights following will bring John Barrymore and Diana Wynyard in "Runion in Vienna." This is the screen production of the famous theatre guild play, the gayest and most unsophisticated story of recent times.

"Ask Yourself These Questions"

"Without a telephone what would I do—

- *If the house or barn caught fire?*
- *If one of the family became dangerously ill?*
- *If thieves visited the farm?*
- *If I wanted immediate market information?*

When you have a telephone the answer to these questions is simple. Day and night the telephone is ready to bring help when you need it or information when you want it. Often one call is worth a year's cost."

One hour's breeze

COSTS LESS THAN *a cigarette*

Sticky and hot . . . not a breath of air. But a fan soon stirs up a good gusty breeze. The electricity that brings you this comfort is cheap. It costs less than *a third of a cent an hour* to run a 10-inch fan in the average home served by the Public Service Company of Northern Illinois.

Fans are low-priced, too: Small sizes are now less than $2.50 at Public Service Stores and other LOCAL ELECTRICAL DEALERS.

ARLINGTON BOARD TAKES UP GRIND

Poultrymen Object to Tax on Watch Dogs; Police Far Away

Little more than routine business occupied the Arlington Heights Village board at a regular meeting last Monday night. Trustees Barrett and Framberg were absent.

A request of the Fire Department that the siren be raised to a higher position over the new municipal building for better carrying of sound, was granted, on motion of Mr. Krause, seconded by Mr. Pingel.

The Police committee, Mr. Pingel, chairman, reported $140 in fines collected, and 849 1933 vehicle tags sold.

The street committee, Mr. Firnbach, chairman, reported painting parking places on business streets, but only in front of places that have paid their 1933 licenses, according to orders from the board.

Thistles on streets had all been moved, according to the report; partly by mowing machines pulled by teams or by a truck, and partly by men with scythes working out their water bills. Streets in the business district were cleaned, beginning at 4 a. m. Saturday.

A report of the sewer committee, of which Mr. Framberg is chairman and Mr. Firnbach a member, was that 50 bags of lime had been purchased to neutralize acid in sewage interfering with the normal chemical action of the treatment plant. A leak had been found at the Creamery Package company and corrected.

The Water committee, of which Mr. Barrett is chairman and Mr. Pingel members, asked for 25 1½-inch Mueller Buffalo box covers, and were granted these.

Mr. Laurin, receiver for the People's state bank, called to see if a trade might be made with the village, in regard to the $1500 of village funds on deposit there. Some special assessment bonds are held by the bank, and Mr. Laurin wanted to suggest that the bonds be turned over to the village to offset the deposit. The matter was referred to Village Attorney Thal, and the Finance committee.

Mr. George Davidsen, on behalf of the Merle Guild post of the American Legion, presented an application for a license to sell beer at the carnival now going on. The carnival lasting a week, it was arranged to grant the Legion an annual Class B license for one year, subject to the payment of $35.

Mr. Peter Thomas of Foundry road presented a question about dog licenses. He claimed that himself and other poultry raisers, practically in the country, though nominally within the village limits, have to keep watch dogs on their places to protect their poultry; while at the same time they were being taxed for police protection which, because of their location, they are not getting. Others are keeping dogs in town, as pets only. He held, and stated his neighbors held, that it is unjust for them to have to pay dog tax to the village under these circumstances. While some board members admitted the justice of the contention, they did not see their way clear to change the ordinance or its enforcement.

Flooded basements from overflow of the sewer on South Walnut street, north of South street, was urgently complained of by four residents. Their lateral sewer was put in before paving, and long before the big sewer; their outlet is not direct into the big sewer, but finds an inadequate outlet in the South Mitchell street lateral. The board talked freely with the complainants with a result that a scheme was tentatively worked out to use local labor to make a new and proper connection, provided local property owners will cooperate with donations. This would avoid further red tape, delay and expense.

Mr. Ladas on behalf of the new Business Men's Association asked permission to place a World's Fair information booth in the parkway on Evergreen street at the Northwest highway. This request was left to the street committee to handle.

Mr. Schreiber of the Public Service company gave an estimate of the cost of installing a red police signal light at Evergreen and Davis streets; the price was $80. Action was deferred.

The Finance committee, Mr. Krause chairman, presented a list of bills and payroll amounting to $2,233.62; with the recommendation that those that can be paid with time warrants be so paid, and that the rest be paid when there should be something on hand to pay them. The list is given below.

The application of Ladas Brothers for a $200 beer license was granted, on motion of Mr. Krause, seconded by Mr. Firnbach, and subject to the approval of the Police committee and the President of the board.

The estimate of the Wayman pump works on pulling up the north side pump and fitting with new leathers, was $50. A short discussion was held regarding the future needs of the village in the way of either a deep well or connection with lake water.

The board adjourned until next Monday, when they will consider their appropriation ordinance.

Arlington Heights Women's Federation To Meet at Plum Grove; Friday, July 14th

The Evangelical Women's Federation of the Arlington Heights group will have their next regular meeting Friday, July 14 at St. John's Evangelical church, Plum Grove, Ill., Rev. F. W. Buehler, pastor, Mrs. Fred Othmer, pres. of the women's organization. The sessions will be at 10 a. m. and 2 p. m. advanced time.

Many women will welcome the opportunity to hear the reports of the delegates and visitors to the National convention. A very inspiring message is being anticipated from the speaker, Mrs. Emma Bomhard of Sharpsburg, Pa., who is an instructor at the E. L. T. S. at Elmhurst college next week. A large audience should greet her. Lunch will be served by the Plum Grove ladies.

ARLINGTON HEIGHTS

What is the news at Arlington?
The Fourth once more has come and gone;
While still along the highway chases
Countless crowds rushing to the races.
The Legion's great attractions call,
So do not miss their carnival.

When we learn about the storm disaster in other localities, we should be thankful for our marvelous escape from its sweeping terror and destruction.—"Lest we forget."

Fair crowds at the carnival, not so much money spent. Who has it to spend?

The Chapmans are once more here, calling on friends in the old home town. Everybody glad to see them.

Mrs. Sarah Weeks, after a visit to Mrs. C. P. Draper and other friends here, left for her home at Urbana, Wednesday.

Miss Faust, who has been visiting her sister, Mrs. Elfeld and family, returned to her home in St. Louis last week.

Mr. Paul Busse returned to his home in Florida last week. Mrs. Busse and her mother, Mrs. Storch, remained for a longer stay with their friends here.

Mr. and Mrs. John L. Hanna of Detroit were guests of their aunt, Mrs. D. G. Beaty over two days last week.

Mr. and Mrs. C. E. McWharter and their children have been on a two weeks' vacation visit to his mother, sisters and brothers in Kentucky.

Mr. Chris. Schroeder, his wife and two sons, came from their home in New York last week to visit his mother, Mrs. Schroeder and his sister, Mrs. Henry Schad, and family. No doubt they will look in on the Century of Progress before going home.

Mrs. George Kost entertained a few friends in their pleasant summer cottage at Cary on the Fox river. It was a delightful treat to those sharing Mrs. Kost's hospitality.

Dr. Persis Elfeld came with Dr. Tarumianz, his wife son, and chauffeur, for a five days' vacation visit to her parents, brother and his wife; also to attend the medical convention at Waukegan, visited the Century of Progress and crowded as much as possible in the short five days. Dr. Persis is well and as busy and interested as ever in her responsible position in Delaware.

Mr. and Mrs. Reuben Davis and children drove up to Dodgeville, Wisconsin to visit relatives and friends over the holiday.

Bruce Guild returned last week from a several days' fishing trip and outing in the northland lakes. Those lake trout he lured to try his bait were the best ever.

Mr. and Mrs. Wm. H. Rowland of 1218 Mayfair road, are entertaining their daughter and family from Omaha.

Mr. and Mrs. J. Bauer entertained relatives from Chicago the 4th.

Many from Arlington Heights have visited the storm swept regions and report the most appalling scenes of destruction. Where are the farmers to go for "relief?"

Mr. W. J. Manz of Carlyle Place, spent the Fourth with his family who are vacationing up in Wisconsin.

The Fesslers are entertaining as holiday time guests, his mother, Mrs. Fessler and his sister, Mrs. Christianson, from Madison.

Mr. and Mrs. F. H. Lorenzen have been entertaining as vacation guests the son of his sister, Mrs. Trace Stitz from the state of Washington and his friends on their visit to a Century of Progress.

Our community nurse, Miss Martha Jackson, who spent a short vacation at Joliet with her mother and other friends, is now back on her job with us.

Mr. and Mrs. Arthur Schmitt are spending much of his month's vacation at their Fox river cottage. They came home for the Fourth to entertain a family group. Among those in the group was their daughter, Lola, who since her marriage, lives in Massachusetts.

Mr. Raymond Friese has received recent word from his wife who left for Germany about the middle of June and is now visiting old home relatives and friends. She had a fine voyage and is having a delightful time among old friends.

Mrs. Perrin and her daughter have rented their home for the race season and are staying with her sister, Mrs. George Peter for the present.

Mr. J. Y. Beaty called on his mother, Mrs. D. G. Beaty first of the week. While his family are still at the Dunes, Mr. Beaty is very busy gathering material and data for a book he plans to have published soon.

Mr. and Mrs. Raoul Peeters and sons left here Monday in their auto for a vacation trip to St. Louis and on west through the Ozark mountains and other points of interest on their route. We sincerely hope Mrs. Peeters will return rested and refreshed from the change.

Here is a remarkable escape from the effects of that devastating storm. The Wayman sons had been putting down a well on a farm near Schaumburg. Their machinery was still there when the storm struck the place; the trees were stripped, all crops and vegetation destroyed and ruin everywhere, yet strange to tell their well machinery escaped unharmed. They say the hail was a foot deep over the ground.

About two weeks ago Miss Mabel Quinn from Cleveland, Ohio, en route for Oregon, stopped here and was the guest of Mrs. Joseph Roth for a few days, and with Mrs. Roth visited the Century of Progress.

Mr. Edwin Phren of Chicago spent the Fourth with Mr. and Mrs. Lyman Lloyd of North Dunton avenue.

Miss Marion Noyes and Miss Ruth Whitmore returned Wednesday from their outing at Twin Lakes, Wisconsin.

A very pleasant surprise was experienced when Mrs. Fred Karstens of San Diego, California, motored out to visit her sister, Mrs. Bertha Schuetz and to revisit the old familiar places. To make the surprise even more agreeable, Mr. and Mrs. Joseph Rabb from Pasadena, California are spending their delayed honeymoon at the Century of Progress. Mrs. Joseph Rabb is Mrs. Fred Karstens, oldest daughter, Viola.

Mr. and Mrs. W. L. Ankley, and son, William Jean, moved Tuesday morning, July 4, to Sterling, Illinois. Their many friends, who will miss them, wish them the best of success in their new location.

Born, a daughter to Mr. and Mrs. Franklin Busse, Thursday, June 29.

Rev. H. A. Kossack will be out of town for the next two Sundays, but the pulpit will be supplied.

Mr. Otto Landmeier, who has been at West Lake hospital in Oak Park, the last ten days, is reported recovering nicely.

Wilson Whitmore is attending the Northern Illinois Teachers' College at DeKalb. Ruth is visiting the Daniels' at Twin Lakes. Eugene is on a farm in Winnebago county.

The Rev. Oswald Taege and his family from Churchville, were guests of his parents Mr. and Mrs. Charles Taege over the Fourth.

Mr. and Mrs. Ernest Heide are parents of a son, born at 3:30 o'clock Wednesday afternoon at Northwestern hospital at Des Plaines. Mother and baby are doing well.

Mrs. Verna Miller recently came up from Texas to visit her parents, Mr. and Mrs. Charles Kulin at Crystal Lake and other relatives at the Heights.

We are just happy to hear that our heroic invalid friend, Mrs. Ella Boeger, is taking a trip out in her "sedan" chair with the help of her daughter, Miss Adaline. She has called on some of her neighbors and has even been down town. Bet a cookie she'll go to the carnival. At any rate she is brave enough to belong to "The Legion." May she continue to improve.

Mrs. Margaret Harris is disappointed in the delayed coming of her brother, David Peter, from the west. For some unforseen reason his visit was postponed. However, she hopes to see him later in the season.

Mrs. John Kahling, Jr., is entertaining her father, Mr. Little and two of her brothers in the Flynn-Gabel tenant house.

Mrs. Mattson and little daughter, Shirlie, who have been staying some time with her sister, Mrs. Arthur Long, East Euclid, have gone to join her husband who is employed at a place in Michigan.

The Corephelia Circle of the Methodist church plan to hold a picnic next week Monday with Mrs. Ehret at Plum Grove.

Mr. L. G. Helm arrived at the home of his son, Mr. Howard Helm from his California home first of the week in time to enjoy our cool change. He reports all well in California.

Mr. and Mrs. Satisbury came from Minnesota to attend A Century of Progress. They spent the Fourth in Arlington Heights calling on their friends who were glad to see them once more.

Mrs. Edna Doberten is with her mother, Mrs. G. H. Allison at her summer cottage in Des Plaines camp grounds. Mr. and Mrs. Howard Helm expect Mrs. Dobertin to spend next week end with them in Arlington Heights.

Mrs. Joseph Roth and her children spent Monday with Mrs. Daniels at Twin Lakes, Wisconsin. Louise is spending this week with the Daniels to have a longer visit and sporting time with Jean.

Mrs. W. W. Wood and her sister of Chicago, came out to visit Mrs. F. A. Whiting Sunday, and took her hostess back to her home in Chicago to spend the Fourth.

Mr. V. I. Brown is visiting his old home and neighbors in Oblong and Robinson, Illinois, this week, after attending sessions of the National Education Association convention in Chicago.

Attend National Education Association Convention in Chicago

Mr. E. D. Whitmore, superintendent of Schools in Arlington Heights, and Miss Irene Russell, principal of the South building, also Mr. V. I. Brown, principal of the Arlington Heights high school, have been attending the 71st annual convention of the National Education Association, which started last Saturday and continues thru this morning (Friday). While the Stevens hotel has been the headquarters, meetings have been held at several other buildings in Chicago. Speakers last night (Thursday) at Medinah temple, were Robert M. Hutchins, president of the University of Chicago, and Harold L. Ickes, secretary of the Interior. Many departments and Allied organizations have been holding their sectional programs, and educational exhibits are placed.

That individuals of great wealth, hiring clever lawyers, and influential numbers of bankers are hostile to general public education, and are attempting to dictate policies in the direction of more or less limitation, has been charged by leaders in the convention, according to reliable reports. It has been declared that those possessing large fortunes seem to be determined that the masses shall be reduced to the educational level of peasants. Particular criticism is aimed at self-appointed budget committees attempting to dictate educational programs to school boards.

The Lions club meets Tuesday, the 11th.

The citizens from our town who have visited the scene of the destructive storm, which covered a vast area of farm country tell of appalling sights. Utter destruction of crops and farm buildings, stock and poultry. Some say it is certainly a place for Red Cross help. Will our super-active Governor take notice?

Some one tells of hearing a harvest fly last week. Don't see what harvest he is after in this region.

Mr. and Mrs. Elmer Crane have rented their home to the Ward family for the racing season and are spending the month with Mr. Crane's family on North Dunton avenue.

John T. Meyer and family of 407 W. Wing street, had as guests last week, Dr. Buser and Dr. Roulet of Bern, Switzerland. They were sent over by the Swiss government as delegates to the Congress of the International Postal Union held at Ottawa, Canada. Dr. Buser is a brother-in-law of Mr. Meyer.

Boy Scout Auxiliary Garden Party at Mr. and Mrs. Arthur McElhose'

At the Arthur McElhose home Wednesday afternoon last week the Boy Scout mothers were pleasingly entertained in a garden party. Unless you have seen this attractive garden you will fail to realize all it meant to spend a few hours there. There were choice refreshments and merry games. The annual business was transacted, including election of officers: Mrs. Arthur McElhose, president; Mrs. George Schaefer, vice president; Mrs. George Schneberger, secretary; Mrs. A. T. Chidley, treasurer. Reviewing the past year, the term as president by Mrs. Madison of Mt. Prospect, an honorary member, has been a year of gratifying activities and of much accomplished. We look forward to a prosperous year for the newly elected officers. The party in the beautiful McElhose garden was a pleasing success.

How One Woman Lost 20 Lbs. of Fat

Lost Her Prominent Hips—Double Chin—Sluggishness

Gained A Shapely Figure

If you are fat how would you like to lose it and at the same time gain in physical charm and acquire a clean, clear skin and eyes that sparkle with buoyant health.

Why not do what thousands of women have done to get rid of pounds of unwanted fat? Take one half teaspoon of Kruschen Salts in a glass of hot water every morning before breakfast and keep it up for 30 days. You can help the action of Kruschen by cutting down on pastry and fatty meats and going light on potatoes, butter and cream. Then weigh yourself and see how many pounds you have lost.

Kruschen Salts are a blend of 6 salts most helpful to body health. Best of all, a bottle of Kruschen Salts that will last you for 4 weeks costs but a trifle. Ask Wendts Drug Store or any druggist for a bottle and start to lose fat today. It's the safe way to reduce but be sure you get Kruschen—your health comes first.

Origin of "Yankee Doodle"

The origin of "Yankee Doodle" seems to be obscure, but it is thought that both music and words came from the Dutch.

Red Wings Lose To Roselle; Play Morton Grove Sun.

The Arlington Heights Red Wings traveled to Roselle July 4 to take a trimming by the Roselle Braves 8 to 1. With "Peanuts" W. Meyer pitching a good game of ball but with no support either in the infield or outfield the Braves runs were al practically unearned. This was probably due to the fact that the boys were all out trying too hard to win for their manager, Mr. Chas. Page, who is at this time lying in the hospital being taken were all practically unearned. This there recently for an appendicitis operation and the boys are all hoping Mr. Page will have a speedy recovery and be with them soon again.

On next Sunday afternoon the Red Wings meet Morton Grove at the Red Wing diamond and with a bum game out of their system they are out to beat Morton Grove, who beat them at Morton Grove a few weeks ago. So welcome the boys back home again with your usual good support. This is the game you have all been waiting for. So lets all go Sunday afternoon to the Red Wing ball park, 500 S. Highland avenue, 3 p. m. sharp.

Be a Red Wing booster.

Arlington Merchants vs. Colored Illinois Giants, Next Sunday

The Arlington Merchants baseball club will meet the colored Illinois Giants next Sunday at the east side ball park. The Giants have just completed a tour of Wisconsin, winning 15 out of 18 games. They are confident of defeating our boys, so they say at least, and if they do it will be the first time Arlington Heights has ever been defeated by a colored team. The Merchants realize the strength of their opponents and they will be in the game fighting tooth and nail to uphold Arlington's reputation.

The Arlington Merchants are very fortunate in securing the Illinois Giants as their opponents. All the colored teams who have invaded Arlington Heights in the past, have given the fans a real treat.

The colored boys have promised to put on an act before the game. The title of the act is known as "Casey at the Bat." Their antics in the field will give the fans an enjoyable afternoon. The time of the game is 3 o'clock.

Mrs. Elsie Traub Takes Over Hat Shop; Sale Starts Tomorrow

Mrs. Elsie Traub of Alles avenue, Des Plaines, is to become the new proprietor of the Des Plaines $1.88 Hat Shop on Center street near Ellinwood. Mrs. Traub was Miss Elsie Pohlman and is widely known. She will handle a complete line of hats for women, misses and juniors, also gowns.

A clearance sale will be held tomorrow (Saturday). This is not a chain store. Mrs. Traub has a good record in business, and her many friends are confident that her present venture will be successful in every way. The store will be known as the Ell-See Shop.

Public Wedding at Ball Room Attended by Many

Judge William Kopplin with a dignity and words that would have been a credit to any minister pronounced the words, Saturday night, June 24, that joined in wedlock, Miss Hazel Thompson of Arlington Heights and Mr. Fred Scholtz, of the Arlington Ball room. All the usual frills of a stylish wedding were there, but the invited guests numbered into the hundreds. Invitation was by newspaper, given in the columns of this newspaper.

At promptly ten o'clock, the bride, attired in white satin and carrying gardenias entered the hall followed by Ronald Shayne, who carried the train. Miss Kathryn Mukahirn, maid of honor, was attired in peach colored taffeta; while Miss Harriet Hutchings, of Glenview was bridesmaid. They both carried pink roses. Louis Shayne was best man.

The wedding march was played by Leslie Griffith. An American Legion quartette, of Chicago, sang, "I Love You Truly," and following the ceremony such songs as "This Wedding Breaks Up That Old Gang of Mine," etc. The greetings were rather strenuous with so many guests, each one of whom expecting the usual bridal greeting—and received it.

It was a gala event and the bride and groom, extend their appreciation through the same columns of the press that carried their wedding invitation to the general public.

Mr. and Mrs. O. G. Barrett and family drove to Michigan to spend the Fourth of July.

Unusual Book Bindery Stops at North School; Everything on Wheels

A very interesting place to visit is the motor bookbindery, now stationed back of the north school in Arlington Heights. The same two gentlemen, one a college student, as were at the high school last year, are now binding about 700 books for the schools and more for the public library. This time, they have built a larger outfit. Using a Reo chassis and buying parts from an old bus, they have built a large and complete shop on wheels. With their own Delco light system, hidden bunks, and plenty of work anywhere they go, the depression, and many of the nuisances and worries of settled life appear nothing in the lives of these two ingenious workers.

"Hot Pepper," New Fox Comedy, Opens At The Arlington

Flagg and Quirt, the militant Marines have exchanged their uniforms for silk hats and full dress clothes. They appear in the Fox comedy, "Hot Pepper," dressed in the height of fashion and living like kings in their roles as night club owners. The production comes to the Arlington Theatre on Sunday and Monday, July 9 and 10.

Preserving the spirit of the characters of Flagg and Quirt, originated by Laurence Stallings and Maxwell Anderson, they continue to battle over women and particularly over "Pepper," an impetuous and fiery little stowaway from South America found on one of Flagg's rum ships.

Edmund Lowe again appears as Quirt and Victor McLaglen as Flagg. The role of "Pepper" is enacted by the vibrant and dynamic Lupe Velez. El Brendel, the Swedish dialect comedian, plays a featured role and others in prominent parts are Lilian Bond, Boothe Howard, Gloria Roy and Russ Clark. Much color is said to be added to the night club scenes by a singing and dancing chorus with which Miss Velez appears in a dance number.

Dudley Nichols wrote the story depicting the most recent activities of Flagg and Quirt.

OBSERVER'S NOTES

What of our Independence Day,
When we from tyrants were set free?
Shall we now yield to foreign sway
And lose our blood bought liberty?
In this new day we sacrifice
Our freedom to the gods of greed;
May God raise up a leader wise
To save us in our hour of need;
Who shall in wisdom lead us on
As did Lincoln and Washington.

Used sometimes to hear folks say, "When planning ways to spend the 4th, remember the 4th of July only comes once a year." Now we count its coming by "A Century of Progress."

Even by probing the hidden mysteries of the star; not those on our country's flag, we all too often forget the flag with its stars and the significant things they represent as they have been added to the "Old Thirteen."

Are we teaching the rising generation what our flag stands for and what it has cost? We have so many different sorts and conditions of men to make into one hundred per cent Americans. And how?

Does it mean to make them into successful politicians? Well have we succeeded in this. Instance Tony Cermak and other lesser lights. Well do we know it means something for greater and intrinsically more to be desired to rightly build our nation, as we do believe God gives it to be.

Big explosions, loud horns blowing, yea, even the waving of flags do not always bespeak the true American; not the patriotism our nation needs and must demand. Noise is not the voice of patriotism, nor does liberty mean license, for which it is too often mistaken.

Leaving weather out of the question, this is no time to give lectures on patriotism, nor is it a time to give a sort of sales talk on Go-To-Church Sunday; along that line some may say a church pew never skids or lands you in a ditch or a smashup against a telephone pole or gets you tagged for speeding. That may be true, but in an auto some one answers. You don't have to listen to people sing off key nor snore in foreign languages, yet be sure you go to church.

Comes the glorious 4th, spite of heat and high water. Turn out and celebrate.
Fling out your flags and make merry,
Your grouch and the hatchet deep bury;
George Washington he
Once cut down a tree;
With no plea it was necesary,
And when he was caught
Owned up on the spot,
And his pa used that tree
Effectively—O, very!

Along the line of neighborliness and friendly good citizenship, some of us old timers recall to some of us old timers the odor of cherry pie just out of the oven, a young chicken broiled in butter for a fricassee cream gravy. New peas and potatoes all dished up for a cool 4th of July dinner.

Do any of you recall the Fourth of July, 1882? We wore overcoats and winter wraps, when we went out in Chicago to see the grand parade of veterans. There were more of our Civil War veterans, (G. A. R. men, they were called) than we have with us now. However, we have Veterans of the Spanish War and the World War today.

Some of us have been young and now we are old, and you needen't twist us about it, either. Yet never have we known a town when birthdays were so numerously observed. Why not add our nation's birthday to this list to be celebrated? "In the name of our God have we set up our banners?" Let the flags fly, the music roll, and may we joyously live up to our slogan: "The City of Good Neighbors."

You know the old saying, "All signs fail in dry weather." Here we have direct proof that is a fallacy. Came the village road scraper and comes the annual camp meeting, and the Legion Carnival, came the rain, the glorious rain, rain!

Just as we see it in time to save our potatoes and corn, the latter now well flowered or tasseled out. Potatoes already usable. How fresh the grass appears, and the weeds, yea, even the Canada thistles revive and flaunt their nine points of possession. It was such a timely rain and all should be thankful.

Let us all lend a helping hand to thistle commissioner, Louis Clark and his assistant in exterminating weeds of which Canada thistles are greatest. One blossom will scatter enough seeds to sow an acre. Like illustration of words of scandal, like a sack of feathers, if once let loose they might poison the minds of a whole town, so is it with these feathers of thistle down. Cut and burn all Canada thistles.

Heard an intelligent young man tell some of his experiences recenly in following a rather strenuous diet. We all are familiar with the drinking man's struggle to overcome his yearning for that which entereth a man's mouth to steal his brain away. The battles fought to overcome the appetites of the carral man, are the fiercest evor fought. "Greater is he that ruleth his spirit than one that taketh a city."

The fiercest battles ever fought
Are not by warriors when
Mid clash of sword and cruel shot;
They are fought in the souls of men.

Maps of the world can never spread,
A scene of the fiercest fight;
The deepest scar on heart or head,
Are got in battling for right.

A shot or blade they never rend,
Though the flesh be torn apart;
The traitor deed of a trusted friend
It crushes the riven heart.

Our God looks on life's battle field,
And he sees the tempter when
He lures and leads where victims yield;
O God be with them then!

And turn our eyes from angry strife,
Where nations are rent apart;
To our brothers in the battle of life,
All bruised and tempted at heart.

For the fiercest battles ever fought,
Let me tell you once again,
Are not in a field of shell and shot,
They rage in the souls of men.

We meet and greet a friend with common place language, yet little we know how fierce the battle in that friend's heart. Not always does it write its history on the countenance. You see a sunny smile and you hear the common platitudes of a calm within! How little do we know? We do not think as we should who undergo temptations of which we know nothing. It is to such as these our Savior came to minister and strengthen. Are we following His example?

Really these notes will in spite of me take on a serious tone. What I should like to inquire, is this revised or rehabilitated sales tax, a jig saw puzzle? And who gains or who loses, the buyer or the seller? And is the answer like Andy Brown's on the witness stand? Yes, no, I don't remember.

We have heard much this year about "The forgotten man." Did he get himself forgotten just in time for the last presidential campaign, or was he thrust on the public before that? At any rate, the first week in July, 1932, a man went to the white house and asked to see President Hoover.

Following the usual procedure of such visitors, he was shunted into the office of one of the secret service men detailed to guard the chief executive, "Why did you want to see Mr. Hoover," he was asked. "I want to protest their building that tomb of the Unknown Soldier over at Arlington." "On what grounds," he was asked. "Because" was his indignant rebounder, tapping his chest, "I am the unknown soldier."

Our country has many crippled blind or in other ways helpless "unknown" and unnoticed soldiers who should not be condemned to be classed with the "forgotten man." The conditions are so pitiable let us do all we can to bring to our nation's notice "The Unknown Soldier."

The Fourth will be here before these notes are out. I would like to put here my old story of the 4th, long time ago. If I told it once you know teachers and preachers recall when our beloved Scotch pastor was with us, he told us of his little boy saying to him as he was leaving home for evening service, "Why can't you stay at home with us tonight" and the father said, "I must go and preach the gospel to the people" the little lad said, "But you said you did tell them about that this morning." And so it is, "Line upon line, precept upon precept."

It was "The Fourth" long long ago,
When skies were blue
And hearts were young;
When some one fired a shot and lo!
Across the land its echoes rung.

It was "The Fourth," the banners gay,
And bowers of blossoms fragrant flung;
Where toops of children hied away,
To hail the day when life was young.

Beneath the leafy arbors spread,
Where troops of children hied av there;
Our flag unfurling overhead,
Beat bravely on the summer air.

It was "The Fourth," an undertot
Disturbed the spirit of the feast
Where many Sunday schools, a-one
United, north and south and east

For far away was heard the beat
Of many a swiftly mustering drum
And we could almost hear the feet
As the three hundred thousand came.

It was the Fourth, yet far away,
A rebel flag was flaunting flung,
A rebel shot fired yesterday
Across the land in panic ring.

Many the happy children there,
Grew old before the year was alone
And O how joy turned to despair,
It was the Fourth of '61.

It marks the parting of the ay,
When hearts were gay a life was young;
That rebel shot fired yesterday,
The knell to care-free child life rung.

This gladder day, this gladder year,
Free from the agony of war;
Strange peoples come from far and near,
Our greater hope to make or mar.

This the Fourth all through the land,
One flag, Old Glory waves above,
Where north and south, united stand,
God's banner over all is Love!

CHRISTIAN SCIENCE CHURCHES

"God" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 2.

The Golden Text was, "The Lord shall reign for ever and ever" (Exodus 15:18).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O Lord, there is none like thee, neither is there any God beside thee, according to all that we have heard with our ears" (I Chron. 17:20).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "To grasp the reality and order of being in its Science, you must begin by reckoning God as the divine Principle of all that really is. Spirit, Life, Truth, Love, combine as one, —and are the Scriptural names for God. All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God. These are His attributes, the eternal manifestations of the infinite divine Principle, Love" (p. 275).

New Christian Science Publishing House

Showing four buildings of The First Church of Christ, Scientist, in Boston, Mass. (The Mother Church). The new Publishing House is the long building, with tower, at the extreme right, now nearly completed at a cost of $4,000,000.. In the foreground is the original Mother Church building; immediately behind it the Extension, seating 5,000 persons; and back of that a corner of the old publishing house building. The Christian Science Monitor, an international daily newspaper, is now printed at the new publishing house. Builded during the "depression," this great structure will be entirely paid for when completed. Contributions were received from nearly every country on the globe.

Boston, Mass.—Word that no further contributions to the fund for the building of the new $4,000,000 home now being erected for The Christian Science Publishing Society need be made after July 1, was announced at the Annual Meeting of The Mother Church, The First Church of Christ, Scientist.

Members from many lands—more than 5,000 in all—heard the message from the Directors, read by Mr. Charles E. Heitman, chairman, which hailed the "sacrifice and unselfed efforts" of those "who have made possible the completion of the new Publishing House without delay and without debt."

"Primarily, of course, the new building is intended to provide adequate facilities for the publishing of our religious periodicals, our daily newspaper, and the writings of our revered Leader, Mary Baker Eddy. But it does something more, much more in fact, than simply meet a physical need, great and pressing as that need may be. It stands and will continue to stand through the years to come, as a silent but none the less impressive witness to that unity, stability, and demonstrated resourcefulness which should at all times characterize the organized efforts of Christian Scientists."

Miss Rosamond Wright, manager of the Department of Branches and Practitioners, cited the establishment of "a new branch of The Mother Church in Kenya, Africa, situated 2,000 miles from the nearest branch church; also, our first branch in Egypt, at Cairo; and two new branches in Brazil, South America, as well as five additional branches in Australasia. These represent the distant points to which the arms of The Mother Church have extended since our last Meeting.

"In addition, 21 new branches have been formed in Europe, and 42 in North America. Twenty-six Christian Science Societies have qualified for the title of Church. Five new college or university organizations have been formed. The Mother Church now has 2,639 branch churches and societies, and 47 college and university organizations.

Relief Work

"The Relief Fund of The Mother Church, which is available for temporary assistance following major disasters, has been drawn upon during the year for assistance to flood sufferers in England, and in West Virginia; for aid to hurricane victims in Puerto Rico; and for help in a section of California following the recent earthquake.

"Some relief work has been done in other sections of the United States, and in Germany, Holland, Estonia, Austria, Poland, Finland, and Canada. The charitable work carried on by the local congregation of The Mother Church through its local Charity Fund was augmented this last winter by a Special Unemployment Relief Fund which was established in cooperation with the city Campaign for the Relief of Unemployment. A Comforts Supply Committee has aided by distributing clothing and other necessities in this field."

COUNTRY TOWNS DEFENSE WORKS; OFFENSIVE NEXT

With closing of the 1933 session of the General Assembly the Suburban Area and Country Towns Association of Cook County took stock of the action of that body. It was found that there had been no legislation passed inimical to purposes and objects of country towns whose Home Rule interests the association primarily represents.

Chairman William A. McKee of the Legislative Committee, and mayor of Park Ridge, said:

"It is now the plan of the organization to go before the next session with bills that will be positive, not negative, and there are a number of evils that this association hopes to remedy in local government rights. This accomplished will result in a saving of considerable money to the taxpayers and property owners of the country towns. It will also render more remote the possibility of the Chicago politicians usurping the prerogatives of the country towns.

"Thousands of our citizens withdrew from or never aligned themselves with the down town political muddles in order that they might have better home advantages at a greatly reduced cost.

"These citizens consider silly the claims of the Chicagoans that they can reduce the cost of government in the country towns. They will look with considerable interest on the result of the proposed consolidation of the Chicago park systems. Here the Chicago politicians even made a concession when they agreed that this consolidation should be made optional and subject to a vote of the people thus to be affected.

"The Griffenhagen report which had brought mandatory commands in all proposed legislation was given a very casual consideration and practically all the suggestions to usurp any of the authority now vested in country town officials in their local communities was either completely ignored or shunted into the discard.

"Our organization inaugurated a righteous battle in a righteous cause and it is not asleep to the fact that the battle will have to continue to present a solid front if it gains new ground and succeeds in improving the governmental positions of the country towns in the future."

Mrs. Alwine Quindel, Formerly of Schaumburg Passes on at Roselle

Mrs. Alwine Quindel, resident in Schaumburg many years, passed away Friday evening in Roselle. The funeral was on Monday at the Roselle Lutheran church. The following obituary gives details:

Alwine Quindel (nee Sporleder) was born December 18, 1867, in Schaumburg township, Ill.; was baptized in the Schaumburg Lutheran church, and in 1882 she was confirmed in the same church. In May, 1888, she married Henry E. Quindel in Schaumburg; four children were born to this union, two preceding their mother in death.

Mr. and Mrs. Quindel made their home in the vicinity of Schaumburg except for a period of seven years when they lived in Chicago, where Mr. Quindel passed away five years ago. After that time Mrs. Quindel made her home with her son, Mr. Frank Quindel of Algonquin, and also with relatives in Roselle. There on Friday evening, June 30, 1933, she passed away at the home of her sister and brother-in-law, Mr. and Mrs. Huenerberg at the age of 65 years, 6 months, 12 days. She leaves to mourn: Two sons, a mother, two daughters-in-law; four grandchildren; two great grandchildren; five sisters; three brothers; four brothers-in-law; two sisters-in-law and a host of other relatives.

Funeral services were Monday, July 3, 1933, at 1:30 p. m., daylight saving time, at the home of her sister, Mrs. Huenerberg of Roselle, then to the Lutheran church at Roselle; interment in Schaumburg cemetery, Rev. Mehlberg officiating, funeral arrangements by Dzur & Karstens.

ST. PETER'S EVANGELICAL

Paul Emmanuel Winger, Pastor

The United States Supreme court has declared this nation to be Christian. That is a mighty fine compliment but it is hardly so. There is no Christian nation or country. "By their fruits shall we know them." Has any country, has ours, lived according to the principles of the sermon on the mount? Well, if the indictment is true that this is not a Christian nation who is to blame? Where have the churches been? They are indicted with it insofar as they have not risen above and apart from the philosophy of the state. The nation as a whole represents a spirit that is the antithesis of let me say the principles ennunciated in the beautitudes.

The point is, do we want a Christian nation? Well, we want security, prosperity, peace, contentment, happiness. We do want the supreme good all right. That is synonymous with Christianity.

If you believe in a virile Christian nation, what part are you playing to help make it so? Do you imagine it is done by ignoring God and neglecting Him and refusing to give what is His due? We point our finger at Russia because that country does not recognize God. Well, they do openly what we do by practice. There is no difference in one way.

The Church council meets Monday, July 10, 8:00 p. m.

The young people are making an overnight visit to the Sand Dunes of Indiana, Thursday. All who are going are to report. Mr. Rich. Kottke will act as supreme chauffeur. The dates are July 10 and 11.

The Women's Union will hold their second birthday party July 12, 2 p. m. Every member is invited to bring a guest along.

The semi-yearly congregational meeting will occur July 19, 8 p. m.

The Brotherhood will hold their family picnic probably July 23rd at Deer Park, immediately after the services.

GLENVIEW

"Forest Army" invades Glenview, encamping on the east side of the Forest Preserve River at Glenview avenue to begin work which will take in all of the Skokie Valley. Two companies of negroes have already been encamped and it is expected that over one thousand of the C. C. C. will be employed for the whole project. The work will continue as far south as Morton Grove. Lagoons will be built for purposes of pleasure and as flood reservoirs. Already work has been begun to clear the river of debris and to clean out the undergrowth near the river itself. Several surveyors and rod men have been busy on the field and have prepared the work for the engineers and army men. Major E. C. Seaman is in charge of the men on this Skokie Valley project.

Glenview quilts won much praise at an exhibition given at the Bannockburn school last week. Mrs. C. D. Rugen, Pine street, Glenview, had two quilts of high quality at the exposition which was sponsored by the Bannackburn Garden club.

The salaries of all Glenview village employees were cut at a recent meeting of the board as an economy measure. Some cuts were as high as 12½ per cent meaning a total of $800 saving in the combined departments of street and water, police, and village manager. It is expected that this reduction will affect the local tax payer to a marked degree.

The Vacation Church schools of the Methodist and Congregational churches reach the end of their terms. The Methodists held their closing program last Friday after three weeks of splendid work. The Congregationalists close their four week term Friday evening, July 7. The public is invited to the exercises of the Congregational school as they were invited to the Methodist group.

Glenview has plunged into the weed-cutting season with orders from guardians of the law that all property owners are responsible for the extermination of Canadian thistle at this time.

Sewer repairs have been finished on Waukegan road one block north of Glenview avenue. Quicksand had undermined the road at that point without breaking the cement or causing disaster under the heavy traffic of trucks. The matter was discovered and cared for in time to avert danger, by the local street and water department.

The Lutherans swept into first place when they defeated the 300 club making the standings of the first three leaders: Lutherans, 100 per cent; 300 club, .857 (one game lost); Firemen, .714. The Congregationalists and the Depot Sweet Shop hold the pennant for bottom place with .125 average.

New Postage rates went into effect with the new government year July 1. Local letters delivered in post office boxes or by general delivery go for one cent; local rural route go for two cents; and all other mail remains the same at three cents.

HIGGINS-CANFIELD

MRS. WALTER VON BERGEN

Mrs. Walter von Bergen was born Aug. 16, 1899, as the youngest child of Mr. and Mrs. Henry Dreyer at Jefferson Park, and soon after was received into communion with the Triune God through baptism administered by Pastor Paul Luecke of St. John Lutheran church at Mayfair. When she was five years old her parents moved on a farm a few blocks east of our church. Their parents became members of our congregation. She attended our Lutheran Christian Day school and was confirmed in 1913 by Rev. Aug. Lange, then pastor of this congregation. Nov. 24, 1921, she entered into holy wedlock with Walter von Bergen. For six years they made Norwood Park their home, living on the Dreyer homestead. In 1927 they moved to a farm near Itasca where they resided until February, 1933, when they came to live with Mrs. H. Dreyer at 6507 Oliphant Ave., Edison Park.

December, 1932, Mrs. von Bergen submitted to a major surgical operation for the removal of a malignant growth which proved to be cancer. Hopes were entertained that the operation and subsequent radium treatments might restore her health, but the prayers of her loved ones in her behalf were answered by the allwise God.

Friday, June 30, he removed her from all pains and ills of this life and took her into that perfect life above in heaven. The days of her earthly pilgrimage numbered 33 years, 10 months and 14 days.

She leaves to mourn her untimely death her dear husband; her mother, Mrs. Henry Dreyer; a sister, Mrs. Werner Preuter; a brother, Aloise H. Dreyer; her father and mother-in-law, Mr. and Mrs. Henry von Bergen and a host of other relatives and friends.

Interment at Park Ridge cemetery, July 3, 1933.

The electrical storm which came over this neighborhood early Sunday morning did a great deal of damage to crops. Some farms are total losses. Buildings in general were unharmed. However, the chimney on St. Paul Luth. church was destroyed.

We sympathize with those whose crops were ruined by this disaster, and, we believe steps should be taken, that help be offered to the unfortunate ones either by the Red Cross, the government, or by local relief agencies.

Do not forget the Luther Day celebration at the World's Fair Sunday, July 16. If you plan to attend the fair why not make it that day. There will be many who will want to hear the 5,000 voice choir of which our choir is a part. Purchase your ticket which admits you to the fair and also to the Soldier Field from Mr. A. Sachtleben, who has been appointed ticket agent in our congregation by the committee. There is a special reason why you should purchase your ticket from Mr. Sachtleben or anyone belonging to our choir, which they will gladly explain if you ask them.

German services at 9:30 a. m.
English services at 10:45 a. m.
Sunday school at 10:00 a. m.

Monday, July 10, at 7:30 p. m. the congregation will hold their quarterly business meeting. We hope that all members will be present.

Thursday this week at 2 p. m. the Ladies' Aid meets for its regular monthly meeting. Mrs. James Dilg and Drostenfels are serving.

The Men's club will hold their regular business meeting next Wednesday evening. Last week Wednesday evening the Men's club was invited by Mr. O. Busse to help celebrate his birthday. Everybody seemed to enjoy themselves. We wish him many more returns of the day.

Sunday is the big day for school picnic. The children will march at 1:30 p. m. This picnic is an annual affair where old friends and schoolmates meet. Everybody welcome.

Esther Evelyn Helen, little daughter of Mr. and Mrs. C. Wolfgram was baptized Sunday.

War was declared last Friday at Camp Oh-Da-Ko-Ta, for that was the date of another of the thrilling 24-hour battles that have been so popular at this summer home of the Northwest Suburban Scouts at Dyer Lake, Wisconsin. Before the battle starts each camper is issued a small piece of colored yarn. The color varies according to the particular unit to which the camper belongs, for the battle itself is a triangular affair between the Indian Village, the Pioneer Stockade and the Base Camp. The colored yarn is fastened about the arm of the camper and he is permitted to participate as long as it remains there. The loss of the yarn eliminates him from the game. The battle last Friday started at the call of the bugle at 8 o'clock in the evening and although it was supposed to continue intermittently for 24 hours, it was not yet midnight when the loud beat of the tomtoms interspersed with whoops of victory emiting from the Indian Village on the hill announced that particular unit as the victors with seven survivors after both other camps had been forced out of the game.

John Harphan Chosen Honor Camper

Another Park Ridge scout, John Harphan, was chosen as honor camper for the second week. He along with George Hand, who won that honor for the first week will make a 300 mile trip to northern Wisconsin following the closing of camp along with four honor campers who are still to be chosen. This distinguishing award is granted on the basis of scout-like attitude, initiative and all around good conduct of the camper for the week.

Scouts Try Sailing

Sailing in one of the many small types of sailing craft which may be found along the water front of Camp Oh-Da-Ko-Ta has become one of the most attractive features to many of the campers. Under the supervision of Assistant Water Front Director, Art Lindgren, sailing races are held every Sunday much to the delight of the campers and visitors. Other features of the special Sunday program include crew races, swimming, canoe bobbing and other general water sports.

These are held early in the afternoon and are followed with the non-sectarian church services conducted by members of the Kenosha Ministerial Association at 3 p. m. The Catholic members, of course, attend mass at Burlington, Wisconsin Sunday morning.

A special program of events was also conducted on July 4th. One of the features of this was a surprise given to camp chef Paul Kortum by the campers. The occasion was the celebration of his birthday which falls on this date. It was truly a scout-like celebration.

The following Scouts will begin their stay at Camp Oh-Da-Ko-Ta next Sunday:

Donald Hanna, James Buark, J. Abernathy, Tom Crawford, Harvey Figge, Harold Funk, Cameron Hall, Robert Hoopes, Albert Otteson, Nielford Pattison, John Petrie, Edward Rowe, Tom Schuettge, Henry Setzler, Robert Stewart, Roy Cleveland, Martin Halversen, Allen Mathis, Jr., Gorden Nelson, Jack Healy, George Lindstrom and Robert Bothwell of Park Ridge; Phillip Baldwin, Joe Bernhard, George Dresser, Ray Helfogt, Bradley Jones, George Jones, Jack Ridings and R. Skillen, Mt. Prospect; James McNeil and Jack McNeil of Niles Center; and George Walgren of Barrington.

ACTION, BIG SCORES MARK FIRST GAMES

Barkers Swamp Team No. 4 as Centrals Trim The Manors

Last week's game between the West Side District No. 1 team and the Central No. 2 team was played on the Central grounds, and the West Enders lost to a score of 21 to 15. There was plenty of hitting, and lots of action, but Frank Biermans' team had a little edge on the play, and covered up consistently, which accounted for the lead they managed to maintain. As the games go, the score was not a bad one and shows strength on the part of the West End team, of which Fred Haas is captain, which will certainly make them one of the main contenders. The fields and the rules are arranged so that there will be lots of hitting and running, and large scores are to be expected.

East Siders Roll Up Score

The game between the East Side District No. 3 team and the Southeast District No. 4 team ended with a score of 29 to 5 in favor of Walter Bach's East Siders. This East Side team has been in a challenging mood for some time and so far has made good their promises by taking over their opponents in all their practice games, and won this game, the first of the League series, in a decisive way. They were the first to get started and have been fortunate in getting together a group that works well together. While the season is young as yet, it is certain that the challenging mood, and the successful record will cause the other teams to point toward their contests with Bach's team, and try extra hard to take them down. The Southeast team, under Hennix's captaincy, will have an opportunity to meet this team later in the season and will undoubtedly plan to prevent anything like a repetition of the score of last week.

An extra game was played on Tuesday, the Fourth, between the two South Side teams on the Southeast team's grounds. Both teams were short some of their regular players, but had complete teams, and neither has any apology to offer. This was the first time the Southwest team, captained by Pendleton, had met any of the other district teams. They came through with a victory over the Southeast team with a score of 18 to 6.

This weeks' games are between District 2 and District 5 on the South Side grounds, and between District 1 and District 3 on the East Side grounds. The District 4 team has no League game, but they have arranged a practice game on their home grounds. These games will draw large crowds, for people are finding it real sport to watch these games, which are very highly competitive and entirely in the spirit of fun, so that the fun is shared by the fans as well as the players.

Local Men Get Notice In Garden Contest

Two Mt. Prospect amateur gardeners recently received honors for their home-beautification work, in the Chicago Tribune contest. The awards made are for the entire Chicago area, and a total of 41 were placed on the Honor Roll, and Honorable Mention was given to 52 more. One name from Mt. Prospect was included in each class.

Mr. T. Maseng of 502 S. Main street was given Honor Award for his yard, and Mr. Jack Gehringer was given Honorable Mention. Both of these gardeners are well known in the Village for the completeness of their yards and flower gardens, and both won prizes in the contest conducted two years ago by the Improvement Association. Out of the 93 who were honored in this year's Tribune contest, 31 were in in the Northwest Section, and of these only six were outside of Chicago. Amateur gardeners who are pondering about the plan of their grounds and finding trouble in deciding how and where to plant, may be able to get some inspiration by visiting the Maseng and Gehringer homes, and seeing how the results which have been approved by the critical judges of this competition have been obtained.

O. E. S. Holds Party For Girls Club at Home of Worthy Matron

Mrs. C. Pankonin, worthy matron of the Arlington Heights chapter, O. E. S., was hostess on Thursday evening to the girls of the chapter. On this occasion a Girls' club was organized and officers were elected. Celia Hausam, the instructress of the chapter, was chosen president; Myrtle Frey, vice president; Inez Ihle, secretary, and Marie Mueller, treasurer. All the girls were enthusiastic and that speaks well for the future of the organization. A vote of thanks is due Mrs. Pankonin for her efforts which resulted in the formation of such a club.

Program Enjoyed

After the business was taken care of, the girls enjoyed a game which was new to most of them, arithmetic bunco. Delicious refreshments were served and all left with a feeling of an evening well spent.

Favorite Western Stars Given Roles In Grey Romance

Two of Hollywood's best-known Western stars "joined up" with Paramount to play in Zane Grey's "Sunset Pass," which comes to the Des Plaines Theatre Friday.

They are Tom Keene, who is cast in the leading role, and Harry Carey, one of the menaces of the cast. Keene plays the role of a Cattleman's Association deputy, engaged to run down a gang of rustlers, who finds that the brother of the girl he loves is the man he must apprehend.

Both Keene and Carey have won outstanding success in Westerns. Keene has been a star in them for the past five years. Carey has been in pictures since 1910, when he played his first role for Biograph.

Others in the cast are Randolph Scott, Kathleen Burke, Noah Beery, and Kent Taylor. Miss Burke was the winner of the nation-wide Panther Woman contest. Scott and Taylor have both played numerous roles in Westerns, prior to other star roles in Paramount Pictures. Beery and his brother are established figures in the screen world.

"Sunset Pass," the film, follows closely the original story by Zane Grey. It is replete with thrilling incidents—a raging prairie fire, a mad stampede of an enormous herd of cattle, and plenty of hard riding and breathless gun fighting.

Easy to Be Critical

The great Disraeli once said: "It is easier to be critical than correct." Constructive criticism may be, and often is, helpful; but destructive critisism robs one of courage, and usually degenerates into fault finding. There is always something in others which is worthy of praise, and appreciation leads to further effort.

'SMOKES' PUT SMOKE SCREEN ON JUNIORS

Holiday Game Attracts Crowd; Evanston Team Not Missed

The Lutheran League team played a good game before a good crowd on the Fourth of July, with a "colored team," and were beaten with a score of 6 to 3. There was plenty of action and good ball was played by both teams, as the score indicates. It is possible that the Juniors were not at their best, as they were somewhat nervous, due to the character of the opposing team. The battery of the "colored team," consisting of Lemke and "Red" Holste, played well together, and were important factors in the defeat of the Juniors. Kurt Kirchhoff, for the Juniors, pitched good ball, and was backed up well, though he allowed several hits.

Evanston Team Fails To Appear

The facts of the matter are that the team which was scheduled to play on the local grounds on Tuesday failed to show up, and did not notify the team manager, William Soenksen, so that it was necessary for a special game to be arranged. The fans were not greatly disappointed, as the second string players, strengthened a bit by three of the A. C. team players, blackened their faces and went in as the "colored team" and took the Juniors over, just as the Evanston team had planned to do. The boys showed commendable ingenuity, and loyalty to their supporters by putting on a game under the circumstances, and Manager Soenksen deserves credit for making it a game that was entirely out of the class of practice games.

Juniors Well Liked

This team has been providing the Village with some real baseball this summer, and their support has been growing. For the next few their games will be away from home, and they will be missed.

Lutheran Young Folks Picnic Big Success

The Young Peoples Society of the St. Paul's Lutheran church held their annual picnic last week with a large attendance and a program which provided enjoyment for all for the afternoon and evening. The attendance was almost one hundred percent, and everything else was in the same order, so that the committee on arrangements was well satisfied with the results of their planning, and the members of the Society called the picnic a complete success.

New Postage Rates On Rural Route Delivery

Beginning July 1, new postage rates for local or "drop" letters went into effect at the Mt. Prospect postoffice, Postmaster L. E. Hodges has announced These new rates apply to the rural route deliveries, where the rate for mailing a letter first-class has been reduced from three cents to two cents. Letters mailed at the local office going to boxes or general delivery remain at one cent, and all out-of-town letters will continue to require the three cent postage.

OUR CHURCHES

Mt. Prospect Community Church

The Community church pulpit will be served next Sunday by Rev. H. R. Cannon, of Oak Park, who preached last Sunday. The attendance was limited last Sunday by the rain, and the fact that it was the Fourth of July week-end. A special invitation is extended for the service this Sunday. There will be no service except the morning worship service.

Kirchhoff's Team Forced To Be Idle; Will Play Sunday

The Mt. Prospect A. C. team has had two weeks vacation or holiday due to conditions beyond their control. Two weeks ago the team they were scheduled to play, broke up the week before the game, and it was impossible to get another team booked in time to play. The following week the rain made it impossible to play, so the second week went by in idleness. The team has not been idle all the time, however, as they have been practicing, and have not taken any chances on getting out of form. Manager Walter Kirchhoff is certain that next Sunday's game will be played according to schedule, and is getting ready to put on some games for the local fans on the home grounds that will call out all those interested in seeing baseball played.

Ladies Auxiliary to Prospect Post No. 1337, Veterans of Foreign Wars

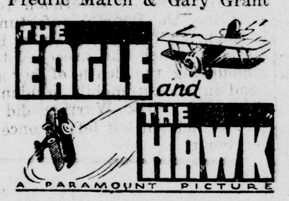

The regular business meeting of the Ladies' Auxiliary to Prospect Post No. 1337, will be held this evening (Friday), in the Community hall at 8 sharp. The delegate to the National convention will be elected at this meeting.

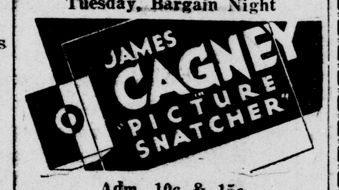

The auxiliary have made another flying trip to the Elgin State Hospital, where cases of oranges have been distributed along with the miscellaneous articles collected by the auxiliary. Old silk stockings, beads and burlap bags are still largely in demand and if you have any and wish to dispense with them, please offer them to any member of the Ladies' Auxiliary to the V. F. W. and they will be taken to one of the hospitals where they will be accepted gladly.

A social gathering of members and friends took place in the Community hall Friday, at which pinochle, bridge, five hundred and bunco were played. Ten gallons of the popular "Bencic's Lemon-Orangeade" was consumed along with the home made cakes. And was it good. Well, you too must have tasted, "Bencic's Lemon-Orangeade."

Summer Season Brings On Infantile Paralysis

The spoardic appearance of infantile paralysis in Illinois during the last few weeks brings from the State Department of Public Health, the statement that July, August and September make up the main season of that disease in this State. Pointing out that the vast majority of people are immune to the disease the statement emphasizes the importance of early diagnosis and appropriate treatment in controlling the illness and in preventing severe crippling results. For the treatment of patients in whom paralysis has not appeared the State Department of Public Health is prepared to distribute convalescent serum free of cost. Children get infantile paralysis more frequently than adults principally because they have not had time to build up an immunity. Some adults lose the immunity and

Ramon Novarro Sings New Love Song in "The Barbarian"

Who is the champion singer in pictures, for length of time, number of pictures and number of languages?

An investigation shows that the record in this matter belongs to Ramon Novarro, whose latest M-G-M starring picture, "The Barbarian," directed by Sam Wood, opens Sunday at the Pickwick Theatre.

Novarro has sung in pictures for a longer length of time than any other man now in the industry. His Pagan Love Song in "The Pagan" was made contemporaneously with Jolson's venture in "The Jazz Singer," another pioneer attempt.

Other stars, in the beginning of talkies, sang in one, two pictures, and then stopped. Novarro has continued. Demand on the part of the public for his well-trained voice has brought songs in every Novarro picture except one. M-G-M received letters of complaint because the star did not sing in "Daybreak." He has sung since then, and sings in both the English and Arabic languages in "The Barbarian," his current comedy-romance in which the personable Myrna Loy plays opposite him.

Novarro, like Chevalier, has been responsible for the launching of a number of outstanding song hits, the greatest being The Pagan Love Song. Others include Charming, from "Devil May Care;" a Chinese love song in "Son-Daughter;" Madame Pompadour, from "Devil May Care;" an Italian romantic number in "Huddle," and Indian Serenade in "Son of India." Novarro has sung in Italian, German, French, Spanish and English, and now sings in English and Arabic for "The Barbarian."

Preferred Bank Deposits

What legally is considered a preferred deposit in a bank is a deposit which it is agreed shall be held specially in trust, where there is such agreement that the relation of debtor and creditor is not created, but the one holding the deposit is a trustee. The matter is sufficiently intricate that judges are reversed and at times some judges dissent to the holding in particular cases, so there is no rule by which one can accurately sort the claims of depositors as a deposit creating a debt or a preferred deposit.

Aluminum First Used in 1846

The earliest known architectural use of aluminum was in the 100-ounce cast aluminum cap atop the Washington monument, erected in 1846, according to a metallurgist.

WOOD DALE

Much damage to farm crops plus unestimated damage done to other property was the toll of a furious wind, hail and rain storm here early Sunday morning. The storm raised havoc over more than one third of DuPage county. Trees were snapped off and torn up by the roots, the loss of livestock and the damage to buildings were great in number and amounting to a loss of thousands of dollars. All over the storm area a great loss will be felt. Some houses were unroofed and windows broken, rugs and furniture ruined. Farm houses and barns were demolished.

Rosedale Chapter, O. E. S. 979, met at the Itasca village hall Wednesday evening. Mrs. Minnie Satek, treasurer of Rosedale chapter, was guest of honor with her relatives ad friends presiding. Her daughter, Miss Helen Satek, was initiated. Miss Mabel Smith served as a candidate. Officers and guests were from McKinley, America Roosevelt, Engelwood, Kensington, Chicago Junior, E. Homeberson, Lombard, Park Ridge and Bethel chapters. Wednesday evening, July 12, has been set aside as past officer and charter members night. All members of the order are invited to attend.

Mr. and Mrs. F. Rosenwinkle and son spent Sunday with Mr. and Mrs. Albert Lembke at Frankfort, Ill.

Members of the Lutheran Trinity Ladies' Aid and their husbands held a party at the school hall Friday evening in honor of the 25th wedding anniversary of Mr. and Mrs. Louis Fasse. Rev. W. Mehlberg gave a short address and several women under the direction of Arthur Binneboese, sang a song to the honored couple and presented them with a silver serving tray. Mrs. William Fenz, Mrs. Herman Schmoldt, Mr. Edward Nerge, Mr. Louis Fasse, Mr. Albert Pfortmiller and Mr. Walter Hattendorf were awarded prizes in bunco. All reported a happy evening and wish Mr. and Mrs. Fasse many more happy anniversaries.

The members of the T. E. club met at the home of Miss Clara Becker, where they enjoyed a covered dish dinner Thursday evening. They had planned a picnic at Wing Park for that evening, but on account of the rain, they were unable to carry out their plans.

Mr. and Mrs. Herman Thieman received the sad news of the death of their daughter-in-law, Mrs. Elmer Thieman in Chicago Friday morning.

Itasca Department

Mrs. R. H. Ladd and family returned from Sullivan, Indiana, Saturday, where they had been visiting relatives.

Mr. and Mrs. Leslie Stoike moved into their new home, the vacant flat of the William Schuette residence on Maple street, Saturday.

Mr. and Mrs. Hiram Bryant and Peter and Nelson Bryant's sons visited at the Bryant home over week-end. Hiram Bryant has accepted the position as game warden in the Forest Preserve at Crystal Lake, Michigan. Mr. and Mrs. Bryant are moving their furniture from Mundelein, Illinois, to Itasca to be stored as the bungalow where they will live will be furnished and steam heated. They will take up their duties in their new location as soon as they are able to make the change.

Mrs. Gust Warther and daughter, Miss Mary and infant daughter, Agnes, of Cleveland, Ohio, arrived at the home of Mrs. Anna Poirier Saturday afternoon for a visit over the Fourth; unfortunately their visit was cut short by a message which had preceded them announcing the death of her husband in an automobile accident at Cleveland. Mrs. Warther did not remove her hat but left at once for her home.

Mr. and Mrs. Frank Maluck announce the birth of a son June 22. Both mother and babe are doing nicely. Mr. Maluck is a former Itasca young man and has many friends here as well as his parents.

Mr. and Mrs. Leo Hamilton of Elgin attended a party at the home of Mr. and Mrs. Ralph Ginsberg on Wednesday night of last week.

The Itasca Drug store was open for business on the Fourth in their location on Irving Park boulevard.

Mr. and Mrs. Ralph Ginsberg were pleasantly surprised on Wednesday evening of last week in courtesy of their twentieth wedding anniversary. Seven couples of intimate friends including Mr. and Mrs. L. Hamilton of Elgin composed the group of friends who unexpectedly walked in upon them and made them celebrate whether they wanted to or nit. In courtesy of the event their friends presented them with a Wedgewood China bridge set. The evening was passed socially and refreshments served which the guests thoughtfully brougnt with them.

Africa's "Black Jews"

Hidden in the Ondo Bush of French West Africa, there is a strange tribe of 2,000 "Black Jews." They claim descent from the lost tribe of Ephraim and religiously observe all Jewish rites and holidays. —Collier's Magazine.

VOICE OF PEOPLE

Voice of the People
To the Arlington Heights Herald:

It has been stated that my letter had apparently inspired the item pointing the finger of suspicion. The error of figures awaited their correction, as would any others if found.

However, relief distribution seems more a matter of facts than of figures.

It has been stated at our meeting that local and township relief are being confused. Perhaps so, as each was distributed by a member of our committee, yet I hope not so confusing that undeserved relief cannot be traced to its proper source. Other facts remain undisputed, as they are a matter of record to be brought out later.

Silence prevailed for over five weeks after our Mayor was promised a report, and until I made demands, so "It's a long, long way to Tipperary."

I, in no way referred to Mr. Grandt's indictment, for I feel that he shall answer those charges in due time, although such fact may not be conducive to increase the people's confidence in our committee.

Committee Member

"Midnight Mary" on Chicago Screen

"Midnight Mary," powerful romantic drama, will be the screen presentation at the Chicago Theater during the week of Friday, July 7.

It is a thrilling story of life in the upper strata of crookdom. Loretta Young is forced by circumstances to join a gang of crooks. Events move at lightning speed as the gang gets more ambitious in their operations. Miss Young falls in love with Tone, a successful young attorney. When the gangster leader decides to kill Tone, the dramatic tension mounts to a terrific tempo.

Comedy highlights are provided by Una Merkel in a hilarious drinking scene and through action in which she "kids" the gangsters. Andy Devine as a wealthy playboy gets into one scrape after another until he finally meets a tragic death. Loretta Young and Franchot Tone have several light love scenes when they are trying to get acquainted in his office.

Charles "Chic" Sale, famous character comedian of screen and stage fame, will head the stage portion of the Chicago Theater program during the week of July 7. "Chic" will present many of his character sketches that have endeared him to entertainment lovers from coast to coast.

RING'S FISHLINE OBSERVES

That many of the readers of this column are becoming real experts with a fly rod and as this type of fishing is destined to become the most popular of all forms of angling I think it is not amiss at this time to submit a list of the flies that are actually "doing their stuff" in local waters. For Bluegills, Crappies and all pan fish the following are undoubtedly good. In the Nymph series, Green-Olive, Alder, Caddis, Green Bay, Large Stone, Little May, Michigan Nymph, March Brown, Pale Watery, Pink Lady, Cole Olive, Shrimp, Carrot, and Red Spinner. In the Bi-Visible series, Fairy, Maddan, Mesquite, Lady Dee, Manse, Dew Drop and Lustre. Practically all the Squirrel Tail series and the following Hair Flies, Cole, Green Trude, Gold King, White Trude, Brown Coachman, Royal Coachman, Red Trude, Hopper, Cahill, Professor, Silver King, Grizzly King, Black Prince, Beaverkill, Deer Fly, Parmachene Bell, Abbey, White Miller and McGinty. For bass you can't beat the large Bucktail Flies of all colors with white, red, white, yellow and yellow-black leading the list. For trout the Dunns and the Nature Flies are excellent and it is hard to say which of the hundreds of patterns are the best although I favor the darker hues. The fan wings (the old standby) are, of course, always reliable and here again the writer is somewhat partial to the black and dark brown colors.

For the pan fish use No. 10 and 12 hooks and you will connect with more of your strikes. I met up with a real bass getter last week, it's known as the Hoodlebug, comes in a variety of colors and floats real light on the surface. Don't miss this one.

Looks like the Michigan trip scheduled for September will be a humdinger, think of it, a week's real fishing in wild Northern Michigan, fishing in famous waters, transportation, food, guides, et al for $30 or less. Better get in on this. See you next week.

THEATRE NEWS

William Powell on Roosevelt Screen

Suave William Powell returns to the type of role that first won him screen recognition in "Private Detective 62," now at the Roosevelt Theater.

In his highly entertaining picture, Powell is a tarnished but interesting spy on erring wives and wayward husbands. Discredited in diplomatic circles, Powell is forced to employ his ferreting genius in domestic spheres. By his charms and adroitness he is unusually successful in a profession that is as remunerative as it is loathsome. Then he undertakes to "get the goods" on beautiful Margaret Lindsay, but makes the mistake of falling in love with her.

Powell's excellent work in "Private Detective 62" is said to be ably seconded by that of Margaret Lindsay, who may be remembered from her role as the girl on the Titanic in "Cavalcade," and who possesses one of the most attractive personalities to come to the screen in many months.

"Gold Diggers of 1933" 2nd Week at Oriental

Dances and ensembles for Warner Bros. musical and dramatic spectacle, "Gold Diggers of 1933," now at the Orental Theater, are said to be the most lavish and ornate ever produced in a talking picture.

Two hundred girls in silken hellical skirts, dance on a hellical stairway in the exquisite "Shadow Waltz" number. During the dance, the girls play upon illuminated violins, winding around the giant stairway, whirling about a glistening pool and an equally glistening floor. It is a triumph of rhythm, color and beauty.

For the "Pettin' in the Park" number an entire park with benches, mounds, trees of spun glass and silk, and a background of fantastic shapes and forms was constructed. The number itself is fast and zippy, boys and girls together, and unlike anything ever seen before. For "The Forgotten Man" number, the girls romp over gigantic treadmills on which they keep ever going but never arriving.

"Warrior's Husband" At the United Artists

With masculinity among females on the rampage in Hollywood, "The Warrior's Husband," rooted in the legend of the ancient Amazons, becomes a surprisingly modern tale in its translation to the screen.

Woman's desire to emulate man didn't start with the Hollywood star who donned trousers. It would appear that a gentleman named Homer and a couple of other Greeks, Herodotus and Virgil, had something to say about it. Recent excavations in Troy have proved that a nation of Amazons really did live and love in Pontus near the shores of the Uxine sea, where they founded an independent government under the leadership of a queen.

The enslavement of men is the basic situation of "The Warrior's Husband" in which Marjorie Rambeau, as the Amazon Queen is forced to accept the diminutive Ernest Truex as her husband because his mother is a royal banker. Elissa Landi, sister of the Queen, falls in love with David Manners, the leader of the Greeks, and things become quite complicated in the telling.

Some Tempting Summer Meals

Food stuffs are so plentiful now, and so varied that it is a simple matter to assemble menus that will appeal to the appetite and supply the type of nutriment summer days demand. Light, zestful foods that come fresh from the garden. That they are inexpensive but adds to their appeal.

Perhaps you'd like to give a dinner party—one that would be delicious and complete and yet not involve too much effort. For hot days are certainly not spent most pleasantly in a steaming kitchen. If you select your dishes carefully you will find that you may prepare many things in advance and yet not be forced to serve a cold meal.

Summer Dinner Menu

Honey Dew and Cantaloupe Melon Balls With Lemon Juice
Chicken Chop Suey, Boiled Rice
Ice Box Rolls Sliced Tomato Salad
Paradise Pudding

The melons may be prepared and set on ice. The chicken cooked in the morning and the meat removed from the bones. The pudding prepared and put in the refrigerator to chill. The rolls made and put in the ice box to be popped into the oven at the last minute.

Chicken Chop Suey

1½ cups chicken, chopped in long strips.
1 tablespoon butter.
¾ cups celery cut in small pieces.
1 onion, minced.
6 mushrooms, sliced.
1 cup chicken stock.
½ teaspoon sugar.
2 teaspoons soy bean sauce.
1 teaspoon flour.
2 tablespoons cold water.

Melt butter in frying pan, add chicken and cook 2 minutes. Then add celery, onion, mushrooms, and cook 5 minutes. Add chicken stock, sugar, sauce and pepper. Mix flour and water and add, stirring well and let cook three or four minutes longer. Serve with the boiled rice.

Ice Box Rolls

Dissolve two compressed yeast cakes in ¼ cup warm water, adding 2 tablespoons sugar. Add 2 tablespoons shortening, one teaspoon salt, ½ cup sugar to a pint of boiling water. Beat 2 eggs and mix all together with 4 cupfuls of flour. Beat well and add 3½ cupfuls more of flour, mix well with a spoon but do not knead. Set in refrigerator until next day at noon when it will be ready to use. Handle the rolls quickly, brush with melted lard or sweet fat when they are placed in the pan. Let stand until more than double their bulk, keep covered while rising in a warm place.

Paradise Pudding

1 pkg. cherry gelatin.
1 pint boiling water.
¼ teaspoon salt.
4 tablespoons sugar.
1 cup cream.
½ cup almonds blanched and chopped.
6 marshmallows, finely cut.
12 maraschino cherries, coarsely cut.
6 macaroons, crushed.

Dissolve gelatine in boiling water. Add salt and sugar. Chill until cold and syrupy. Fold in cream whipped only until thick and shiny, but not stiff. Add nuts, marshmallows, cherries and macaroons. Chill until slightly thickened. Turn into mold. Chill until firm. Unmold. Serves 8.

WAYS TO SERVE CHICKEN

The tender, delicious meat of chicken is such a general favorite, and there are so many different ways to serve this fowl that it may appear on the menu with frequency and yet never become tiresome. Most housewives have one or two ways to present this flavorsome fowl, but they will find the recipes suggested below a welcome variation, no doubt.
